1988

MARIANNE WORLEY

Mrs. Worley,
It was tough making
it through your Chemistry
class but I did it. Maybe
I'll appreciate taking the class
in the future. Thanks for
all your help. Your #1 craziest and
funniest student
right?

LaTonya Leonard C/o "84"

Mrs. Worley,
You're a super teacher
I really enjoyed having
you as a teacher. Sometimes
I wondered how you put
up some of things you did.
Maybe I'll come by next to
visit. Thanks for all the
help. Have a good toe
year next year
Thanks for being
so helpful

Doreese Clemon
LaTonya Leonard

Dear Mrs. Worley
I'm really glad that I had you
for Physics & Chemistry. Maybe next year
I'll drop in on you and bug your class. Have
a very nice summer & a very nice 83-84 school year.
Your Great Student
Brad Flynt

Mrs. Worley,
I'm glad that I had you for two more
classes this year. Sorry that my grades
dropped so much, I guess I got lazy. I
will stop in and see you next year. Don't
forget that you are one of my favorite teachers.

1983

Phil Flanery
P.S. you taught me
a lot more than
just Chemistry.

Mrs. Worley,

It really been great having you as a teacher for the past 2 years in Chem 1 & 2. Thank you for all the times you were so patient with my "unique" approach to solving chemistry problems, and for understanding the pressures each of us have on us as a student. See you again next year!

Love,

Lisa Young

Dear Mrs. Worley,
I'm really glad that you were my Chem. teacher this year. I don't think I could've passed it without you. You're a great teacher as well as being a friend! I'll come visit next year. Have a terrific summer.

Love,

Lynn Zeddyk

c/o '85

Mrs. Worley

~~to~~ without you and your
Test we would never have
passed Chem.

I still think you should
Have gotten teacher of the year.
Thanks again

Dick

A silhouette of a bird, possibly a heron or egret, stands on a dark rock in the foreground. The background is a vibrant sunset with a large, bright orange sun partially obscured by dark, silhouetted clouds. The sky transitions from a deep orange near the horizon to a darker, purplish-orange at the top. The water in the foreground is dark with some light reflecting off the surface.

OSCEOLA HIGH SCHOOL

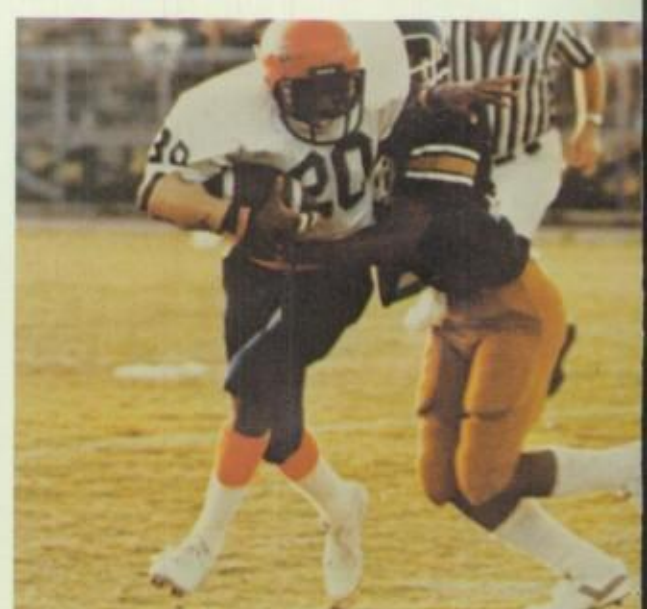

SEMINOLE, FLORIDA

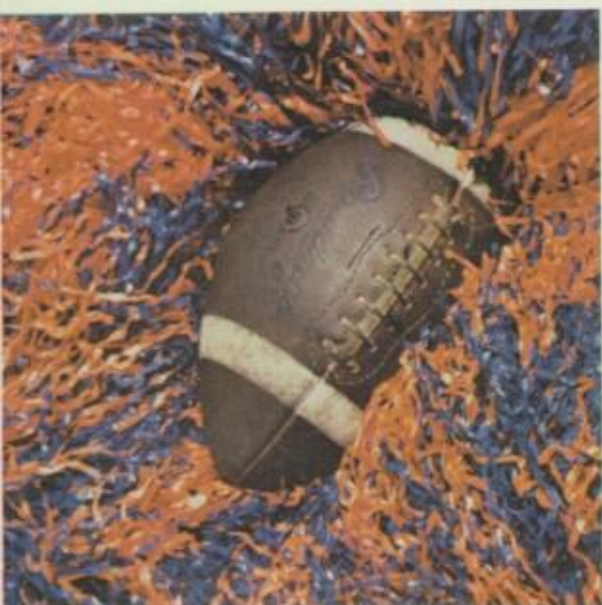

Robert A. Kalach, Principal

Jean Hanna, Advisor

Tina Demperio, Editor

We began as a huge melting pot, a great conglomeration of Warhawks, Patriots, Rebels, Pirates, and Spartans. But by the end of the first year we had become a unified, strong body.

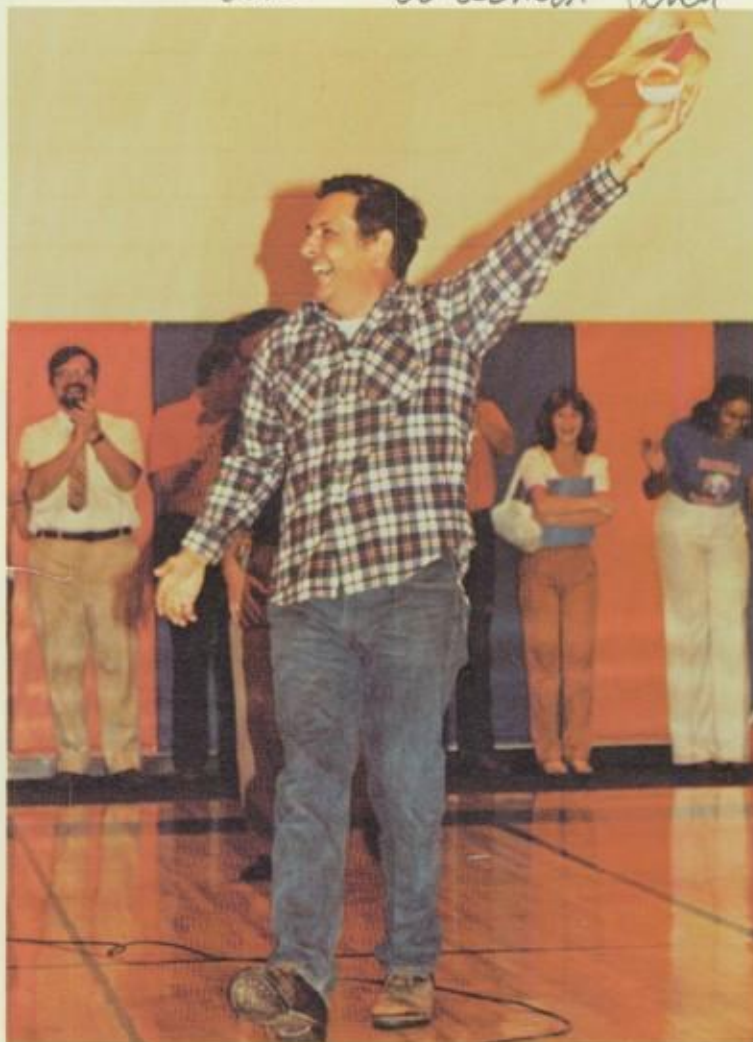

Mrs. Worley
 It was great
 being in your classes.
 I hope in the years to
 come that the classes will
 get less rowdy! And I hope to
 stop in next year and see what's
 going on. STAY PATIENT and keep on
 Teaching
 Jerry.

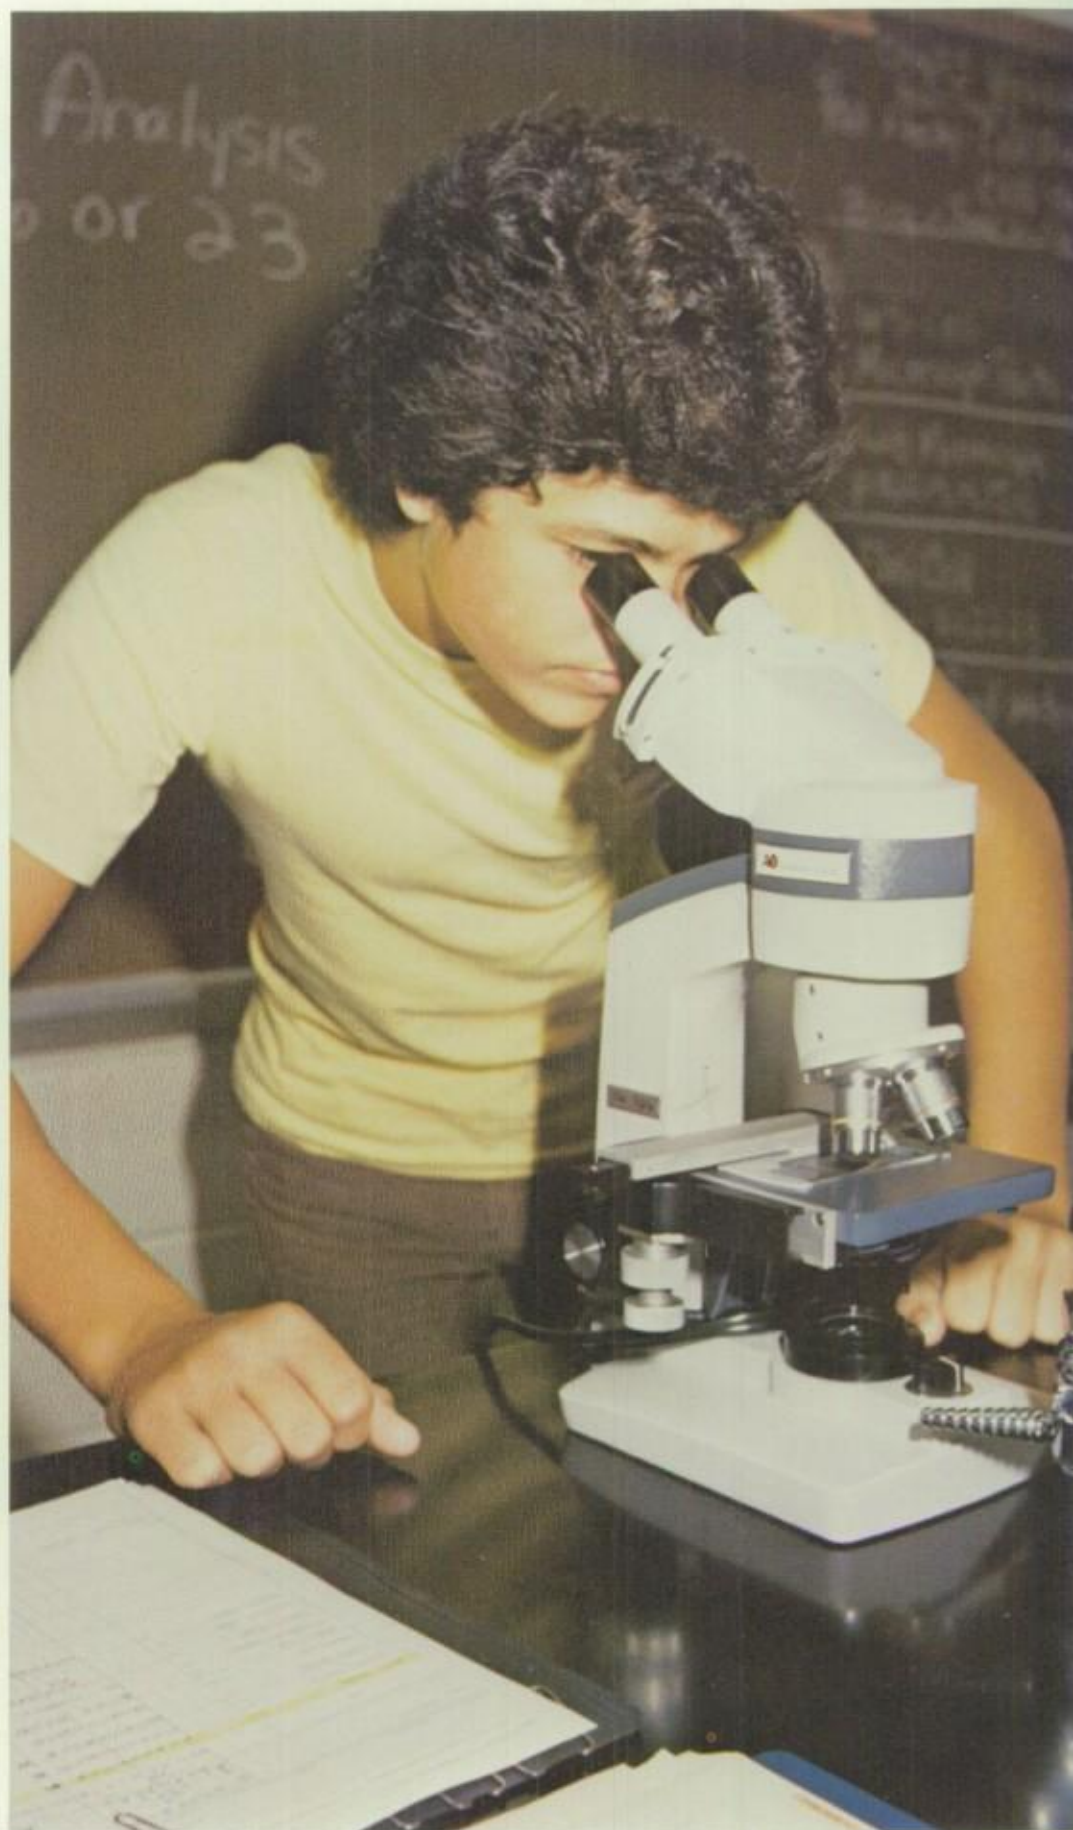

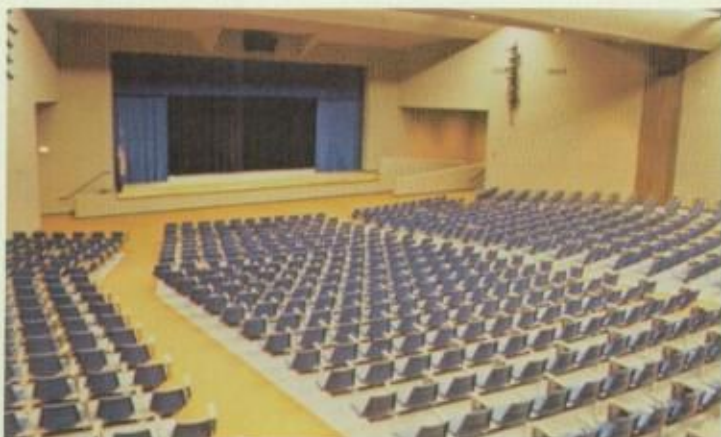

Dear Mrs. Worley,

You have put up me and other assorted loonies for the past two years. (You're probably glad will be gone). Through it all I have enjoyed your kindness and warmth and will truly miss you.

Julia McMillian

We all had our goals. Some of us wanted to be cheerleaders, others soccer players, student council members, or simply Osceola students. We struggled. We reached some of our goals while we left others for the future. We laughed and cried, won and lost. Through it all, we stuck together. We became the WARRIORS.

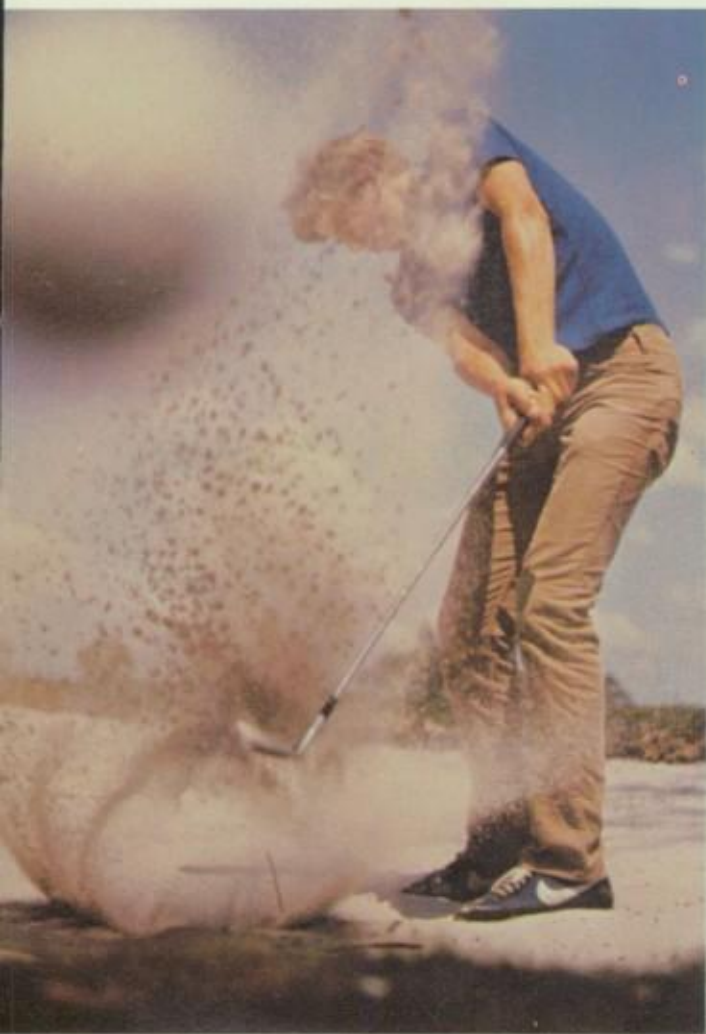

Mrs. Worley -

I would like to express my appreciation
to you for being such a great teacher.
You have been an inspiration and
a friend, and besides, I learned my
Chemistry!

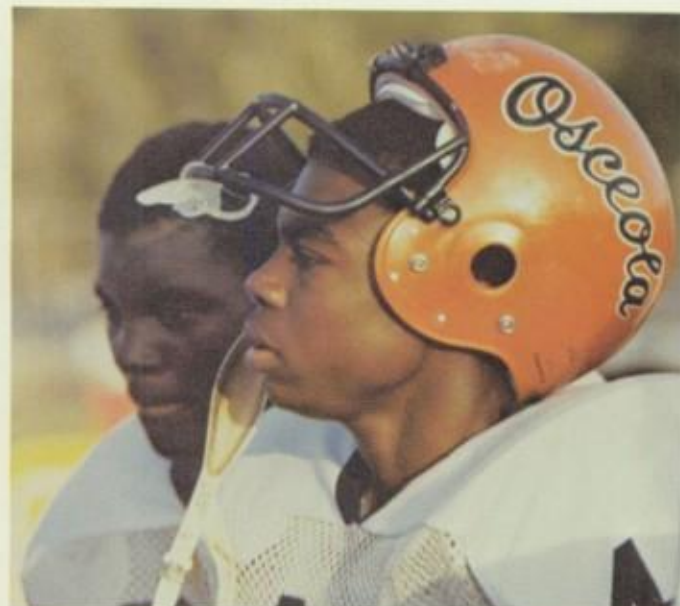

Have a nice summer!

Lisa
Huggisberg '83

Wondering what OHS could offer us gave way to our discovery of what we could offer OHS. We were proud of our school and it showed in everything from screaming our hearts out at pep assemblies to keeping the school itself free from vandalism. It all reflected our Warrior Pride.

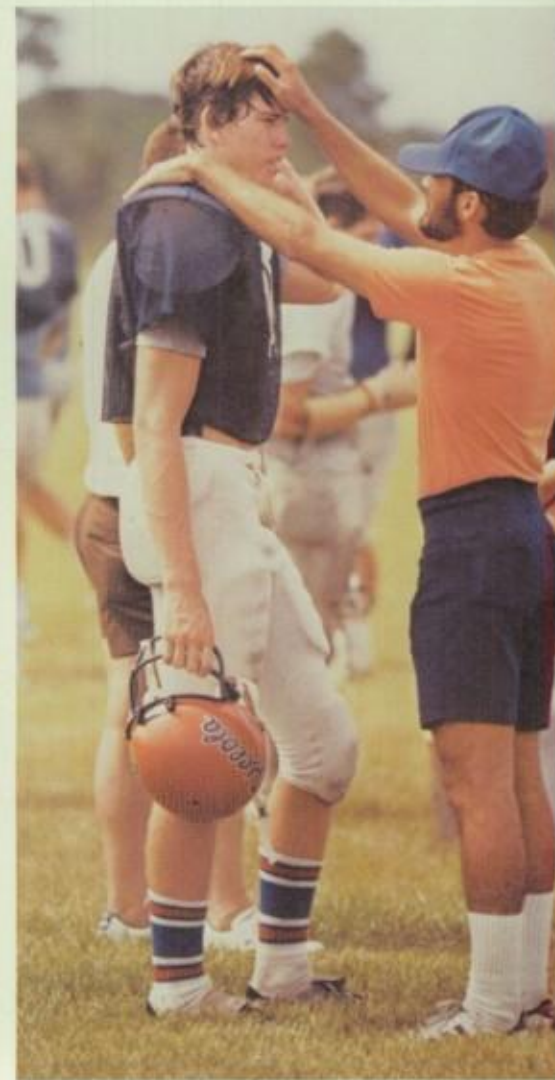

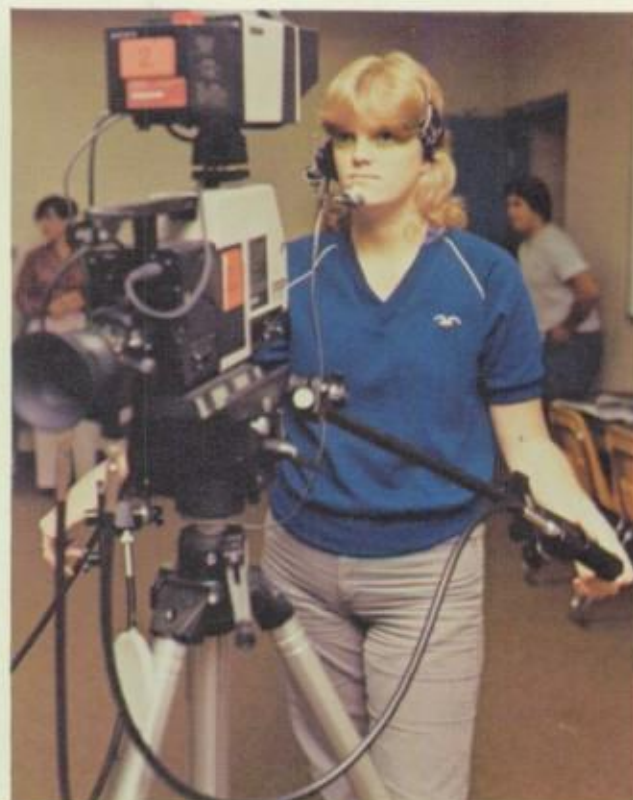

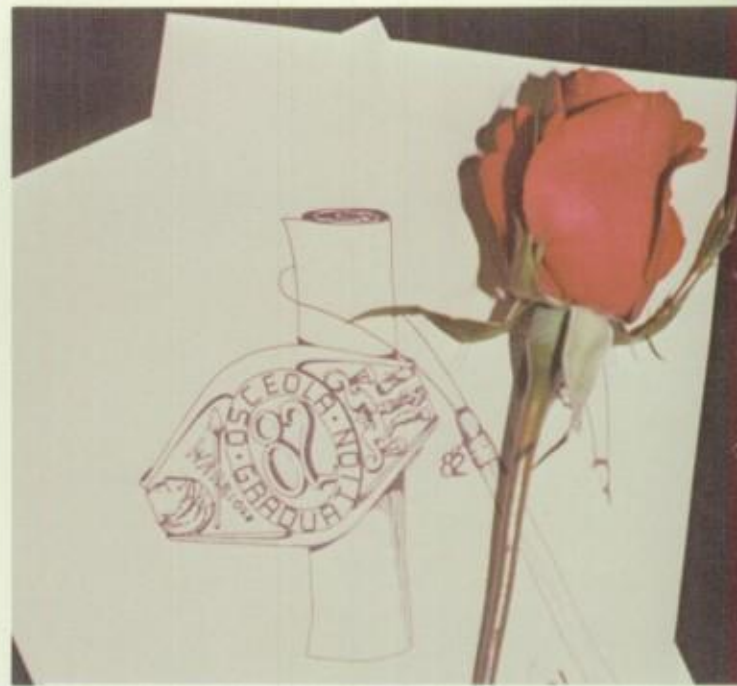

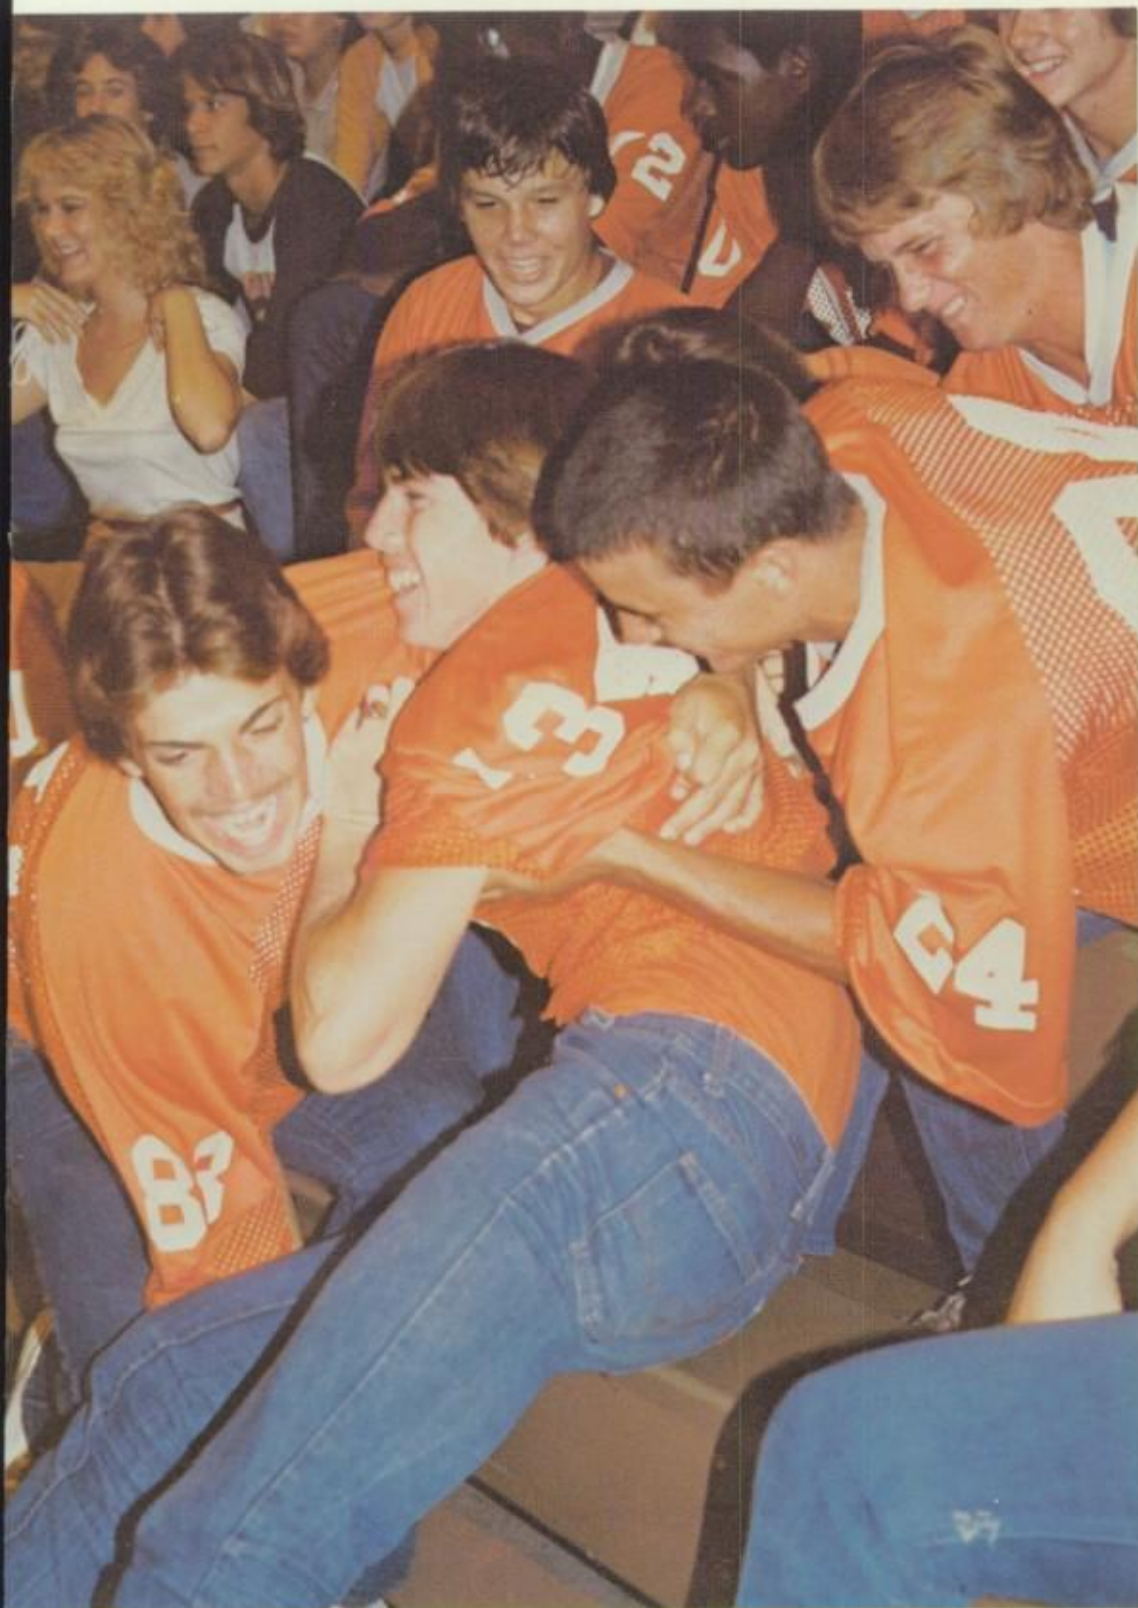

Our Pride naturally led to enthusiastic participation in all that Oceola offered. Excitement filled us all, including the staff. The faculty really cared. They supported the school and us in a variety of ways: sponsoring clubs, coaching, planning and encouraging special activities, and providing individualized help . . .

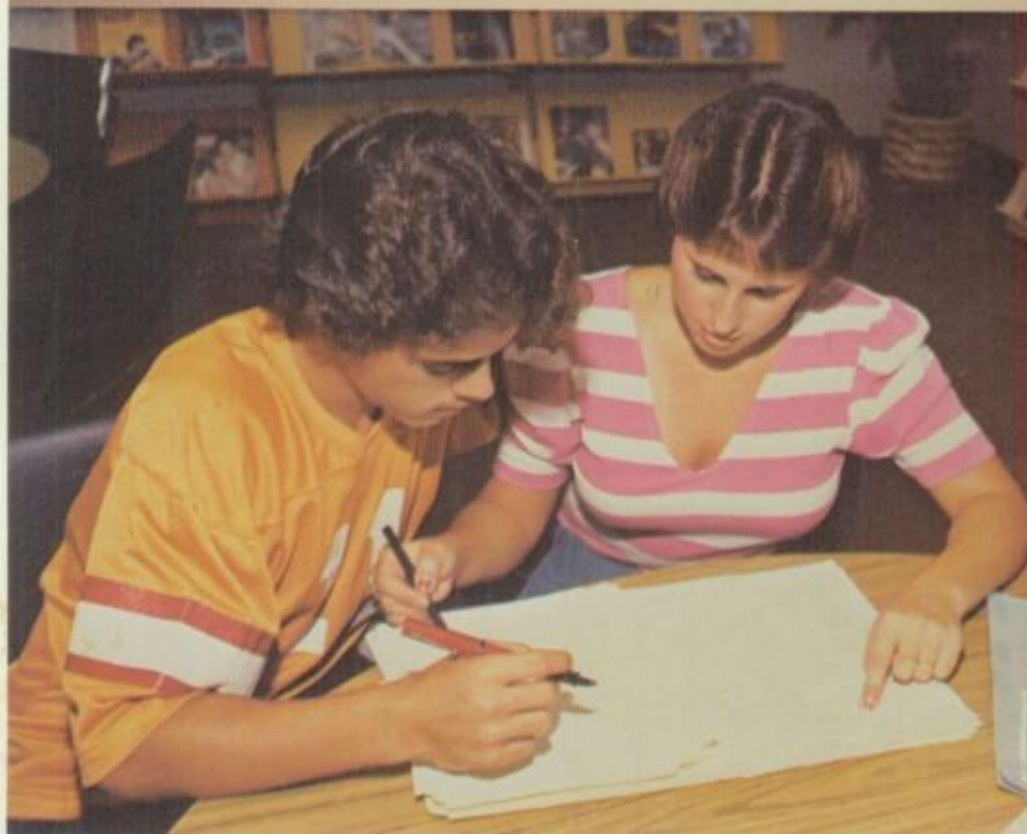

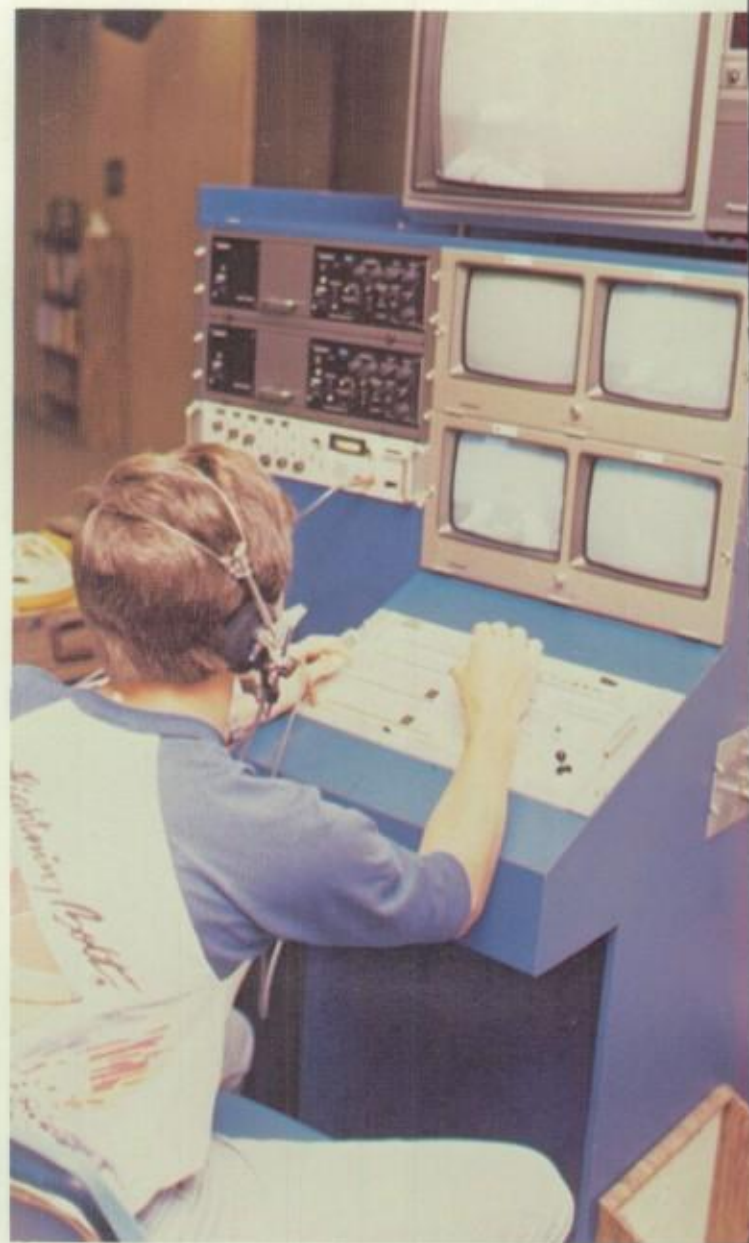

These teachers gently, but firmly encouraged us to fulfill our potential and helped us achieve what they knew we could. The administration motivated us towards better attendance and achievement by providing Pride and Spirit and Cram days. There was an atmosphere of satisfaction and achievement. We were satisfied with our exciting school and excellent faculty. Even more important, we were satisfied with ourselves.

1983 at Osceola was a year of reaching new heights, of setting new standards. It was a year of fun, frustrations, new experiences, and growth. But most important, it was a year of high expectations, both attempted and achieved.

STUDENT LIFE

Media Productions and Everglade staff members get together for a field trip to Bryn-Alan.

Keep biking!

Whether students were in the cafeteria, on a field trip, on the phone, or trying to beat the after school traffic, it was quite a busy year. As always, there was something for everyone. People rode bikes, motorcycles, or drove cars to get to school to begin their day. Then they headed towards class or to the cafeteria to meet their friends. Students' days were filled with classwork, school projects, and educational field trips.

Class competition, crowning of the queen, spirit, a pep rally, and the dance were all ingredients of our first ever homecoming. A voodoo doll and a spirit chain were part of the class competition with the victorious class being announced at the pep rally. To climax the spectacular week, a fabulous dance was held.

VOCATIONAL — AGRICULTURE CENTER: A DOWN TO EARTH PROGRAM

Working on the farm, in the shop and on the construction site were some of the places that students were to be found at the Vocational-Agricultural Center. From cows and pigs to hammers and saws, jobs at the center varied from one extreme to the other. The on the job situations helped students earn a credit towards graduation and gain knowledge which could possibly lead to a future career.

SUN, SURF and SAND

Sun, surf, and sand were three things which helped students get away from their weekly routine. The beach was the place to meet friends, build sand castles, jog along the shore, or to just lie around and bask in the sun. The evening was a time to walk and to watch the sun set — an end to an exhilarating day!

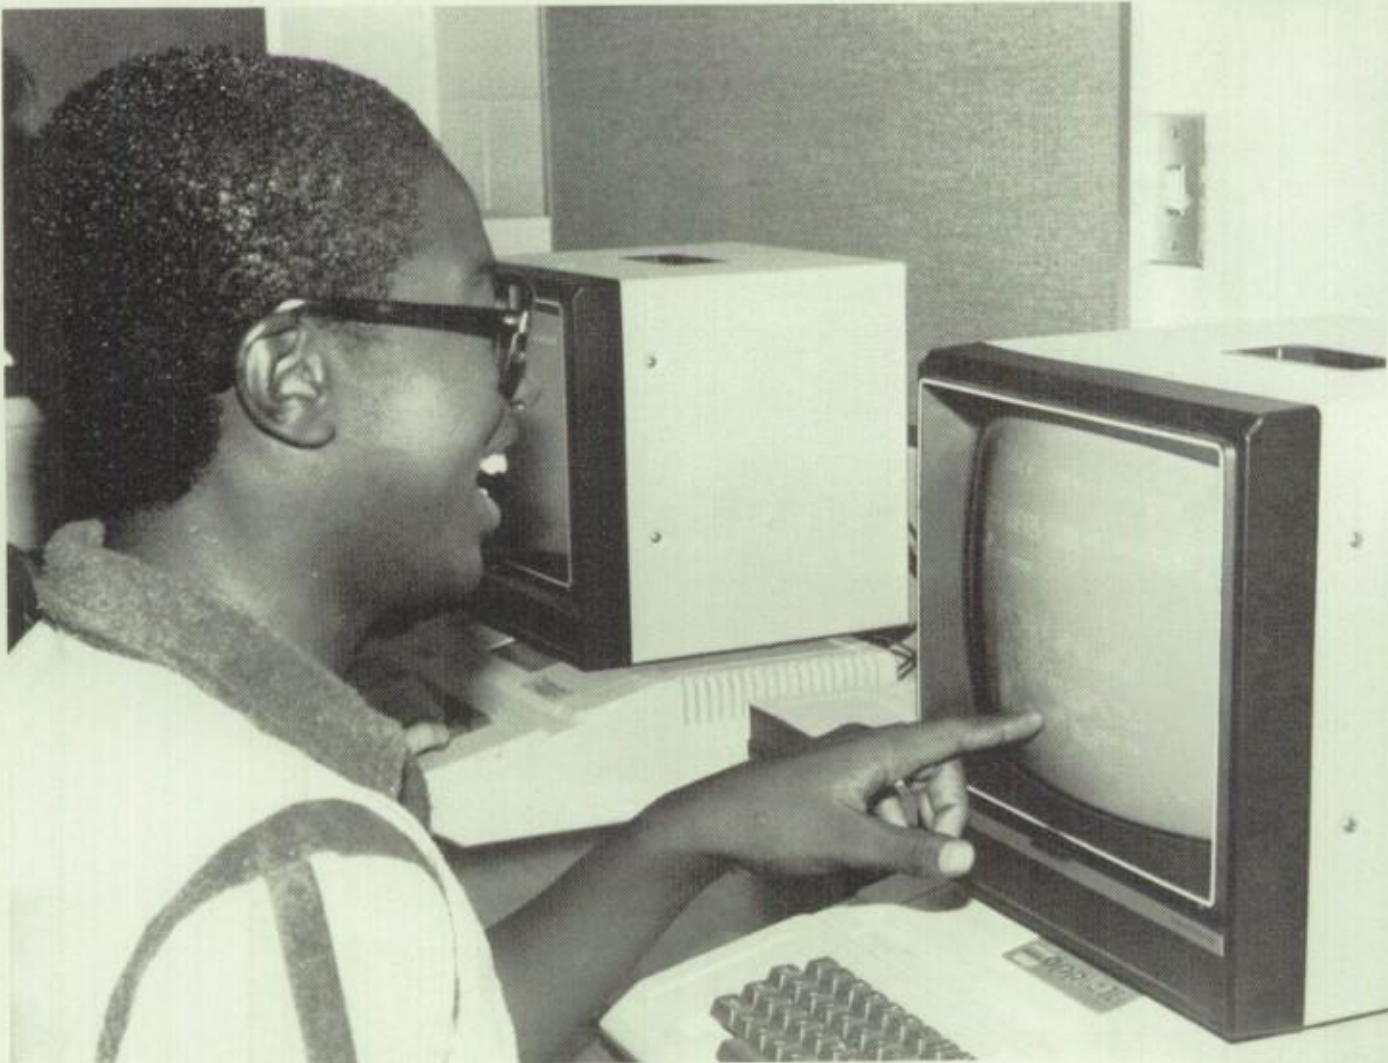

Chris Paul and Derek Gray lead the pack.

As our generation grew up, the word "computer" meant an ominous hulk of metal, with flashing lights, accessible only to scientists with advanced degrees, sometimes seemingly leading an existence beyond the control of mere mortals. However, technology was soon to achieve a degree of miniaturization that made room sized computers into desk sized computers. Micro computers made their presence felt throughout our society: automatic check outs at the grocery store, and video game arcades. The proliferation of micro-computers has greatly influenced our years at OHS. Words like Apple, TRS-80, and diskette quickly were added to our vocabulary. To us, micro-computers became no more threatening than a typewriter, and many times more useful. Our computers cheerfully helped us with our math drills, kept track of overdue library books, alphabetized and printed the names for the student picture section of this yearbook, and also provided the students (and some faculty members) some relaxation from the stress of school with game programs. From PONG to PACMAN, we are the Micro-Kids.

The T.V. station WOHS is a good example of a rapidly growing technological field. This year Mrs. Aborn's media production class taped a variety of television programs for the students. Some of these programs included student registration, the Junior Achievement program, art demonstrations, and the selection of the first homecoming court. The T.V. station is utilized by the media production class and members of the Producer's Club. The students gained knowledge of the media while earning a credit toward graduation.

OSCEOLA'S AWARD WINNING BAND

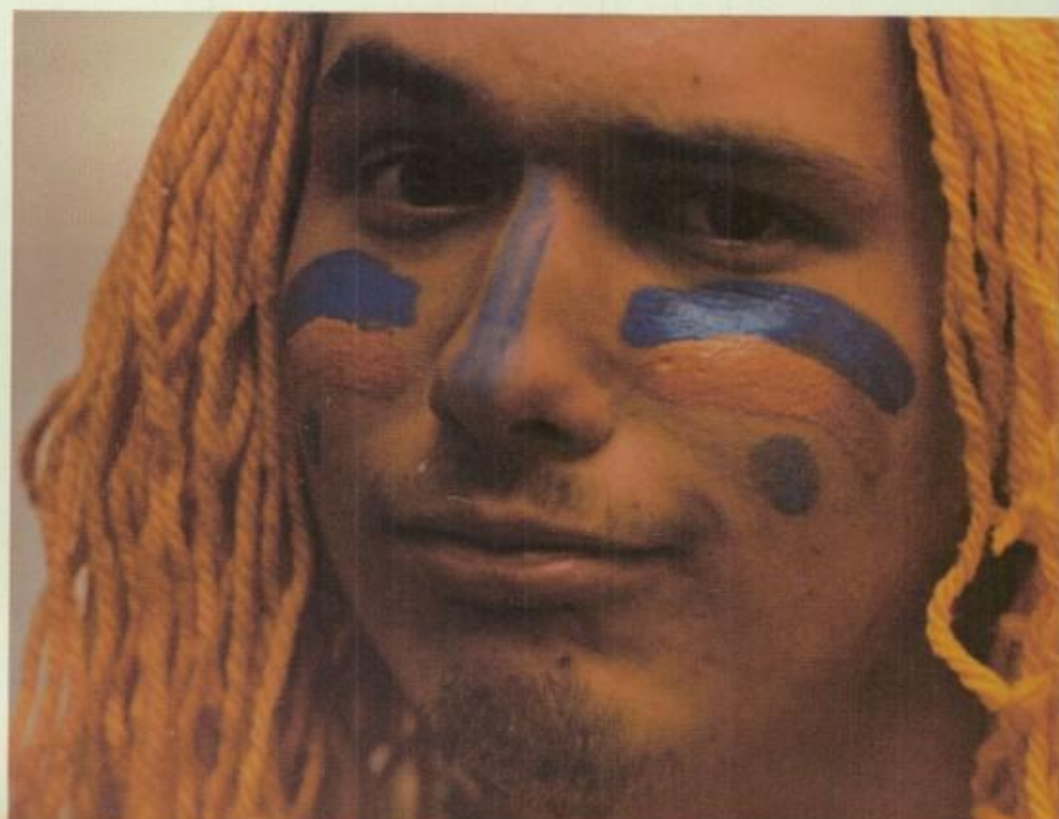

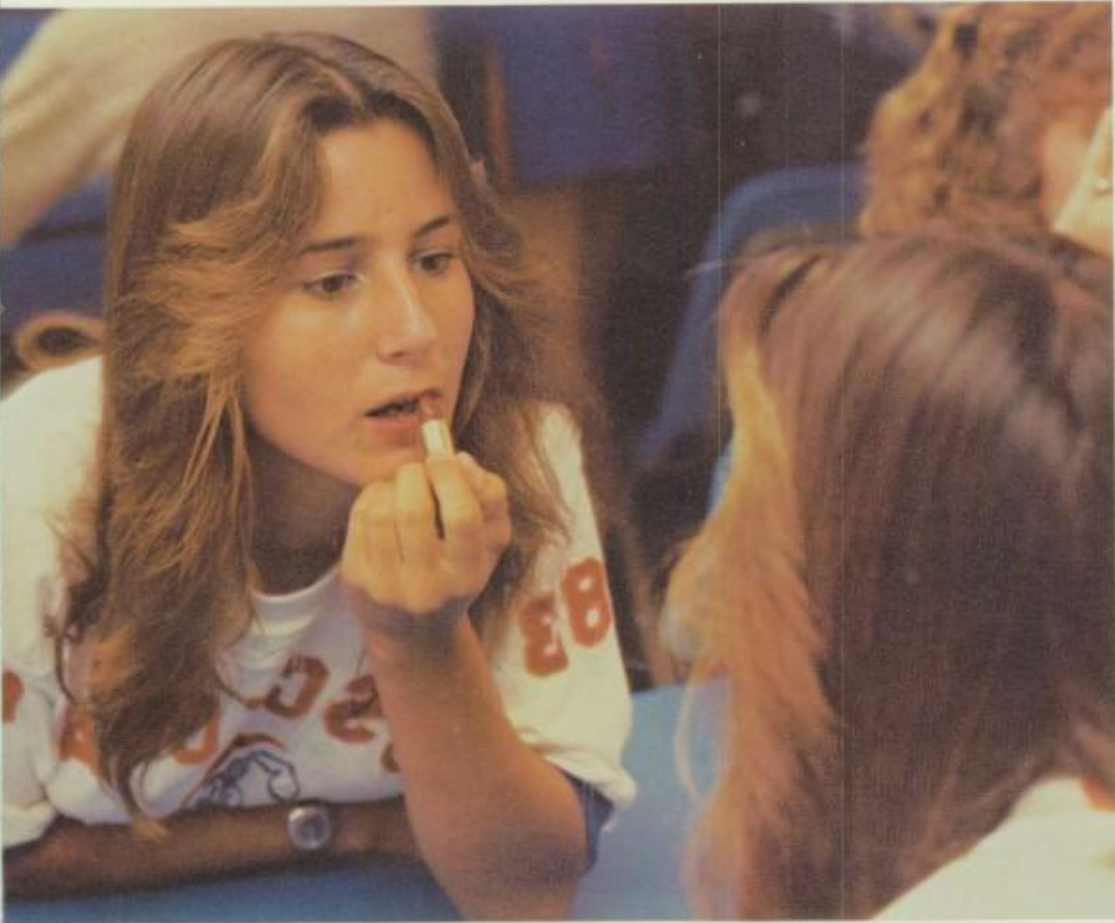

As Osceola High School began its second year, the curtains rose on the impressive, new auditorium.

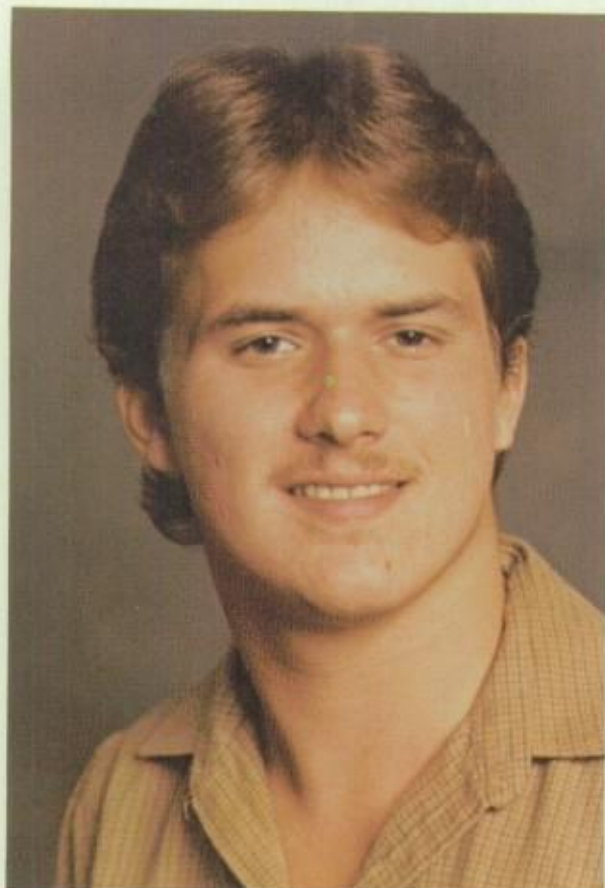

The spotlight focused on the singers, dancers, musicians, and actors who appeared on the boards. Concerts, plays, talent shows, assemblies and performances by touring groups were the featured attractions.

An often unnoticed group of students proved to be essential—those dedicated crew members who made the performances possible. They aimed lights, ran the sound, manned the control boards, designed costumes and makeup, constructed and painted sets, changed scenery and saw to it that all aspects of performance ran smoothly and professionally.

COMING HOME

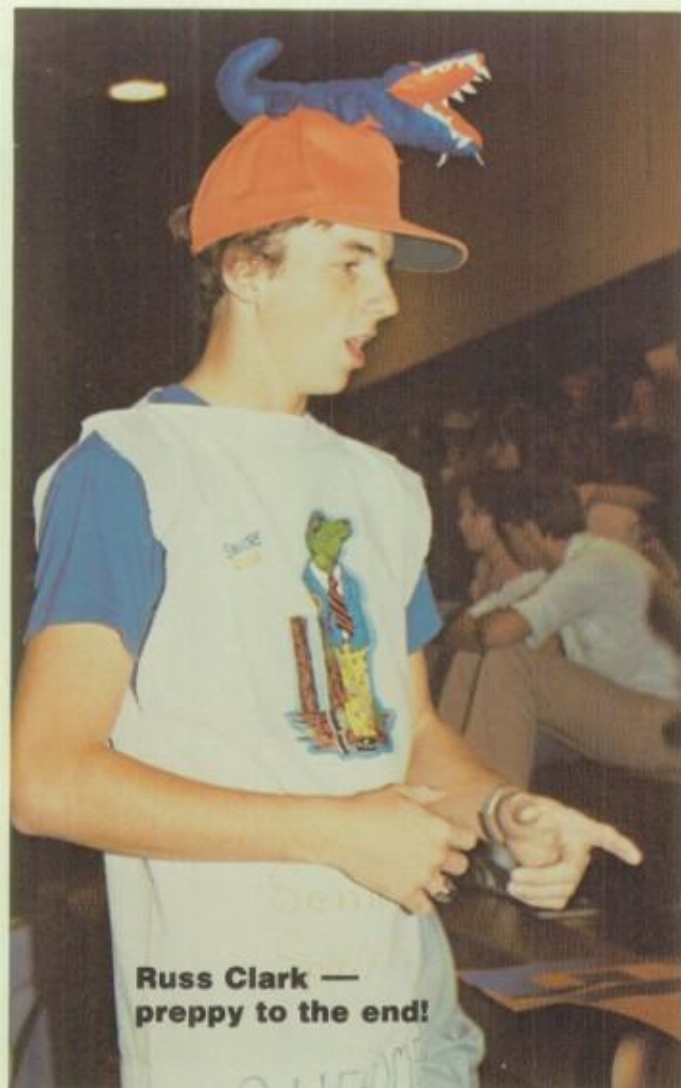

The highlight of the evening was the crowning of Osceola's first Homecoming Queen, Tracy Mills. Tracy was escorted by her brother, Gary. Mr. Kalach and last year's Valentine's Queen, Angie Gasell, presented Tracy with her crown.

Susan Rose, the senior class president, accepted a \$300.00 check from Ronald McDonald, representing the Park and Starkey McDonalds. The seniors, by purchasing the largest amount of McDonald's food, won the McDonald's Menu Madness contest.

Mrs. Volley,
 Thanks for all
 you done for me!
 You've been a great teacher!
 I even got to see you twice a day
 this year.

Warrior Pride Week, October 24-29, gave the students the opportunity to show their Osceola spirit. Throughout the week students were involved in class competition, striving hard to put their class ahead in participation points. The week included sophistication, punk, 50's, tourist, and class color days.

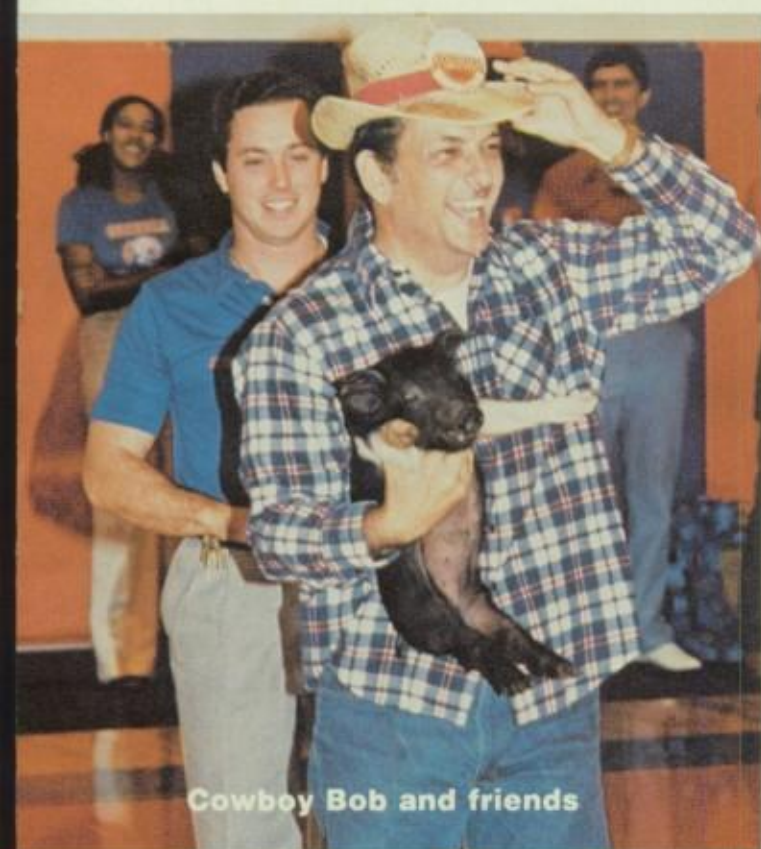

The seniors won the class competition for the week. Our first homecoming was a great success due to the enthusiastic support of the classes and faculty.

CLUBS & ORGAN- IZATIONS

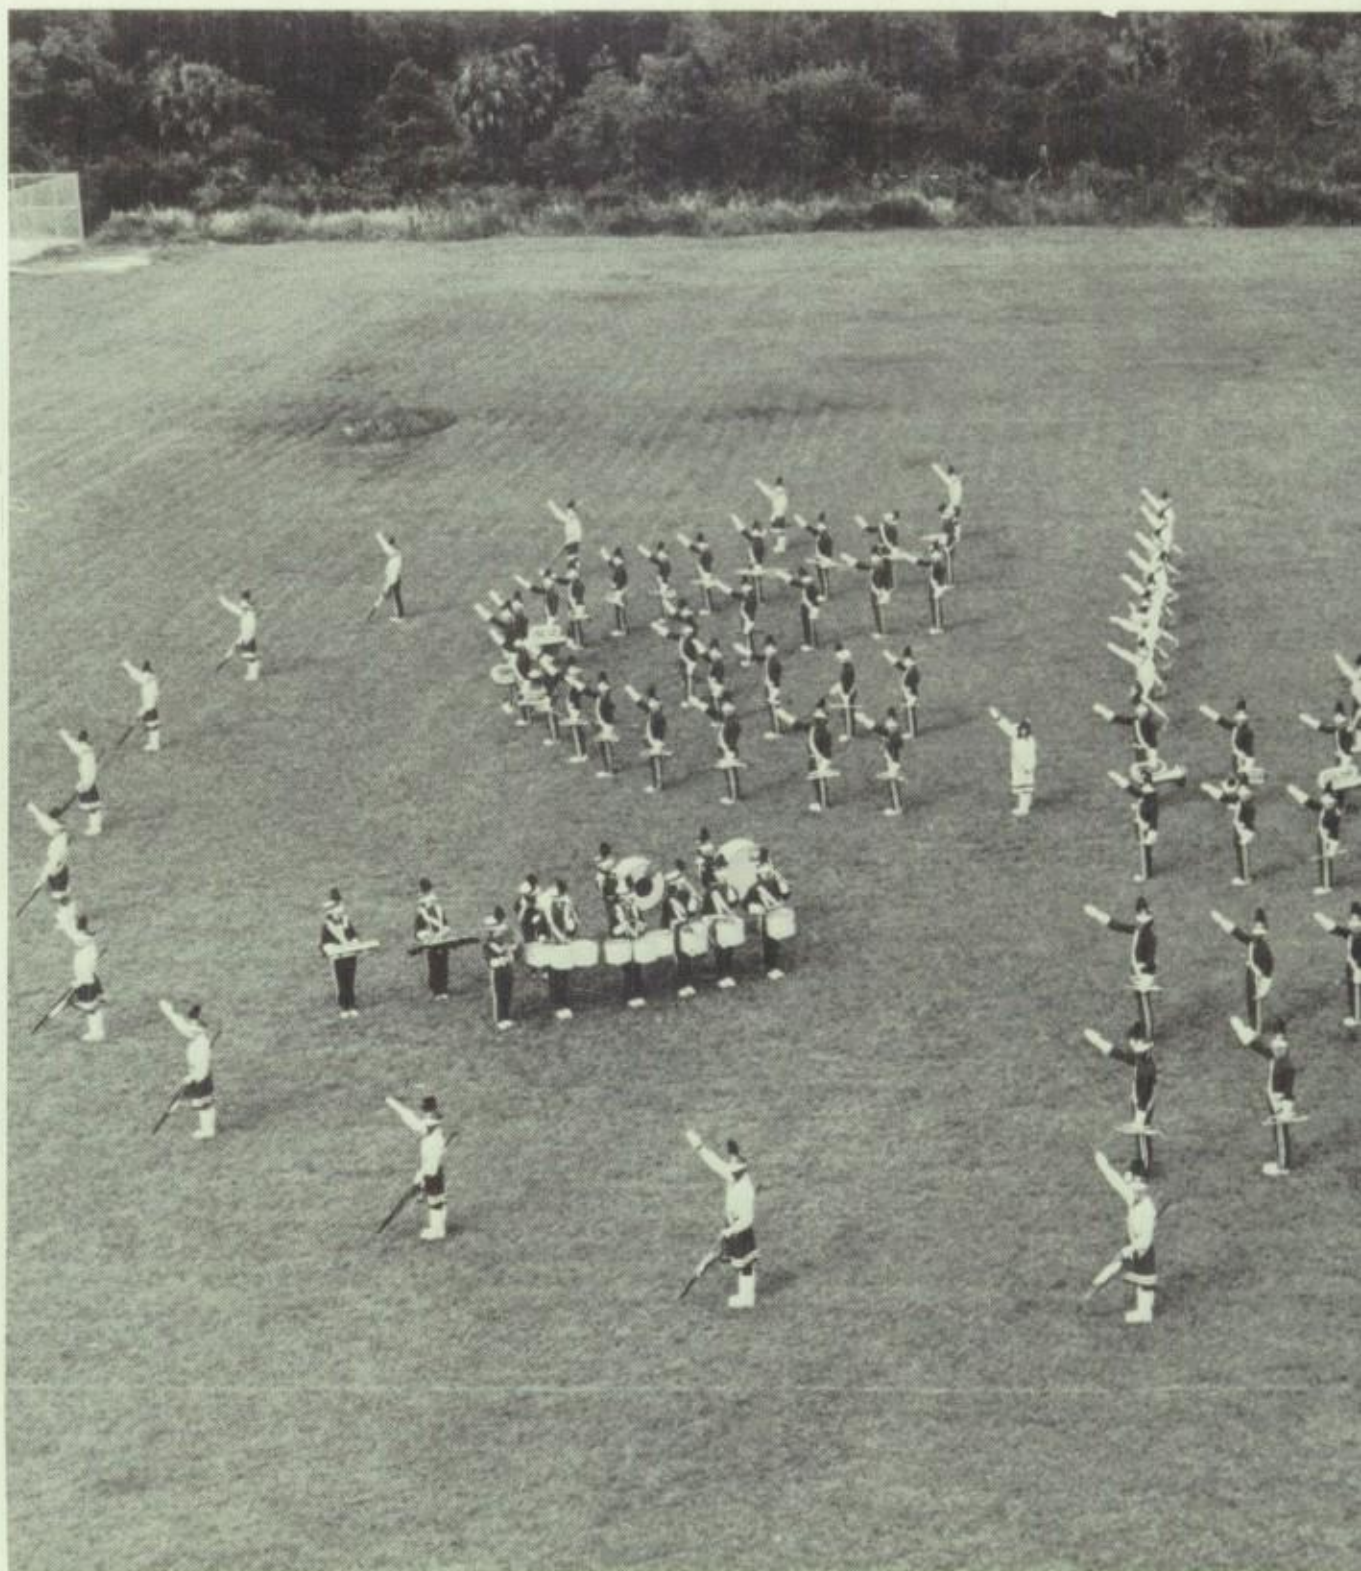

Awesome Totally Awesome

Awesome was definitely the word to describe the band. The Warriors, being a second year band, were the underdogs at most of the competitions, but they caused people to sit up and notice when they placed second at the Largo Invitational in field show and second overall. The band also took second at the Florida Tournament of Bands and received a superior rating at the Florida Bandmaster's Association. This group also participated in the Great Southern Contest of Champions and the Seminole Sound Spectacular as well as performing at football games, pep rallies, and assemblies.

The band was under the direction of band director J. F. Thomas, percussion instructor Tommy Thomas, Color Guard instructor Lisa Napolitano, and marching instructor Richard Librizzi.

The band would like to thank the students, faculty, and parents for all their support.

COLOR GUARD

In June the colorguard realized they had a major task to accomplish in performing and perfecting a whole field show by September. They did a great job winning best colorguard at Seminole Sound Spectacular and outstanding rifles at Great Southern Contest of Champions. After building a respectable reputation for themselves they competed in FBA District Solo and Ensemble competition, and West Coast Colorguard competition.

Mrs. Worley,
I'm very fortunate to have had a teacher as nice (and intelligent) as you. Although I may not understand some of the concepts in Chemistry, I feel you have helped me a lot with the more important ones. I hope to have you as my science teacher for the next two years. Even though the work may be hard, I'm sure I'll enjoy it. Continue your good work as a teacher.

THESPIANS

The International Thespian Society was started in 1927 to recognize outstanding high school theatre arts students and create an appreciation for all phases of theatre. In 1982, Osceola High School was granted its charter as Thespian Troupe 3507.

To be initiated a student had to display meritorious performance in various aspects required by the society. Zeb Daneker, Chris Driscoll, Eric Favere, Rey Garcia, Don Gosselin, Kris Gulick, Sarah Jones, Cindy Klein, Tracy Koontz, Doug LiBrandi, and Kimberly Marsh became eligible for membership. Theresa Giordano and Kathy Klein who had earned Thespian membership at former schools were also a part of our first Thespian Troupe.

OSCEOLA ONSTAGE

In their first active year Osceola Onstage competed in district and state individuals conference. They also participated in district one acts. Osceola On-

stage received superior ratings throughout the year. They assisted in putting on the Big "O" Variety Show by selling tickets, running lights, and ushering. For a fund raiser they held the Peppermint Post Office.

Theresa Giordano, Tracy Koontz, Debbie Best, Brenda Williams, Kellie Pioch, Donna Cuff, Tammy Quarles, Don Gosselin, Laura Norton, Chris Norton, Kris Gulick, Dee Jay Hardy, Debbie Hermance, Cindy Klein, Heather Dickens, Michele Mattia, Gretchen Kuhlwein, Terry Breon, Rey Garcia, Eric Favere, Leigh Haines, Maria Dominguez, Kimberly Marsh, Kathy Klein, Frank Brehme, Dawn Lacska, Jim Kettner, Chris Driscoll, Cassie Chigaros, Betsy O'Brian. OFFICERS: Theresa Giordano, President; Dee Jay Hardy, Vice-President; Tracy Koontz, Treasurer; Betsy O'Brian, Secretary.

Thespian Troupe 3507 had an outstanding premiere. At District IV Individual Events Conference in December, nine students received the following awards: Theresa Giordano, Superior and Tracy Koontz, Excellent in Monologue; Sarah Jones, Superior and the team of Michele Mattia and Tammy Quarles, Excellent in Dance; Rey Garcia and Cindy Klein, Excellent in Duet Acting; Tracy Koontz — Theresa Giordano, Superior and Don Gosselin — Eric Favere, Excellent in Duet Improvisation. These awards qualified students for competition at the Florida Thespian Conference held April 14 — 16, at the University of Florida. Our second performance in a district conference exceeded all expectations. On February 25 and 26, at the One Act Play Conference, the production of "The Undercover Lover" received a rating of Superior and Don Gosselin and Theresa Giordano were named to the All Star Cast. We gladly packed Japanese fans, kimonos, wigs, makeup, and props for our invasion at the state conference.

MU ALPHA THETA

Mu Alpha Theta was a mathematics honor society. Its purpose was to prepare and encourage participation in national math contests and in the Pinellas County Math Field Day. Its goal was to help students recognize their excellence in mathematics.

ROW 1: Joan Rothmann, Mindy Houston, Heather Harris, Lisa Young, Tammy Quarles, Chris Hester ROW 2: Cathy Marchetti, Julia McMillian, Dawn Picotte, Lisa Zawadski, Pam May ROW 3: David Schierick, Russ Clark, Brad Flynt, Kim Otter, Kim Vormwald, Lisa Guggisberg, Steve Felsman

Julia McMillian listens carefully to upcoming plans.

Mindy Houston and Susan Rose take a break while at a meeting.

ORACLE

If one word had to be used to describe the staff of the Oracle, Osceola's creative arts magazine, it would have been "creative." For although the staff had varying interests, personalities and

talents, they were all linked by their creativity. Whether writing material for the magazine, editing it, laying it out, or writing copy for

yearbook pages, the staff strived for the interesting, the fresh. This yearbook page, was an example. The temptation would be strong to write something corny and trite like "A high flying year!" or "Up, up and away with the Oracle!" to go along with the layout, but once again the Oracle undermined the usual and crushed the cliché. Staff members were: Mark Drake, kicking himself for being part of all this, Carolyn Hull and Teresa Crenshaw, James Dean, mild-mannered staff member; Linde Hutton, Lori Marshall, Karen Jones, Dawn Bettinger, Sherri Coronado reaching Nirvana, Jeff Graff surfing, Penelope, Becky Ivey, Dale (Alan) Damewood, Robert (Bob) Newburey, Carla (Carla) Raposa, Eric Favere, Amy Packard, Mr. Stewart, sponsor, and Jerry Mathers as The Beaver.

COMPUTER MATH CLUB

This service club, sponsored by Mr. Gary Coon, helped students become more aware of the role of computers in their lives. The members met the first Tuesday of every month to discuss computer program and select software to buy. They had a candy sale to purchase computer magazines and software.

CHIEF EDITION

Terri Flynn works intensely on a story.

Staff writer, Amelia Burnett, jokes around while getting a story read for printing.

At a summer workshop, Tina Demperio and Eileen Martin learn how to draw layouts.

EVERGLADE

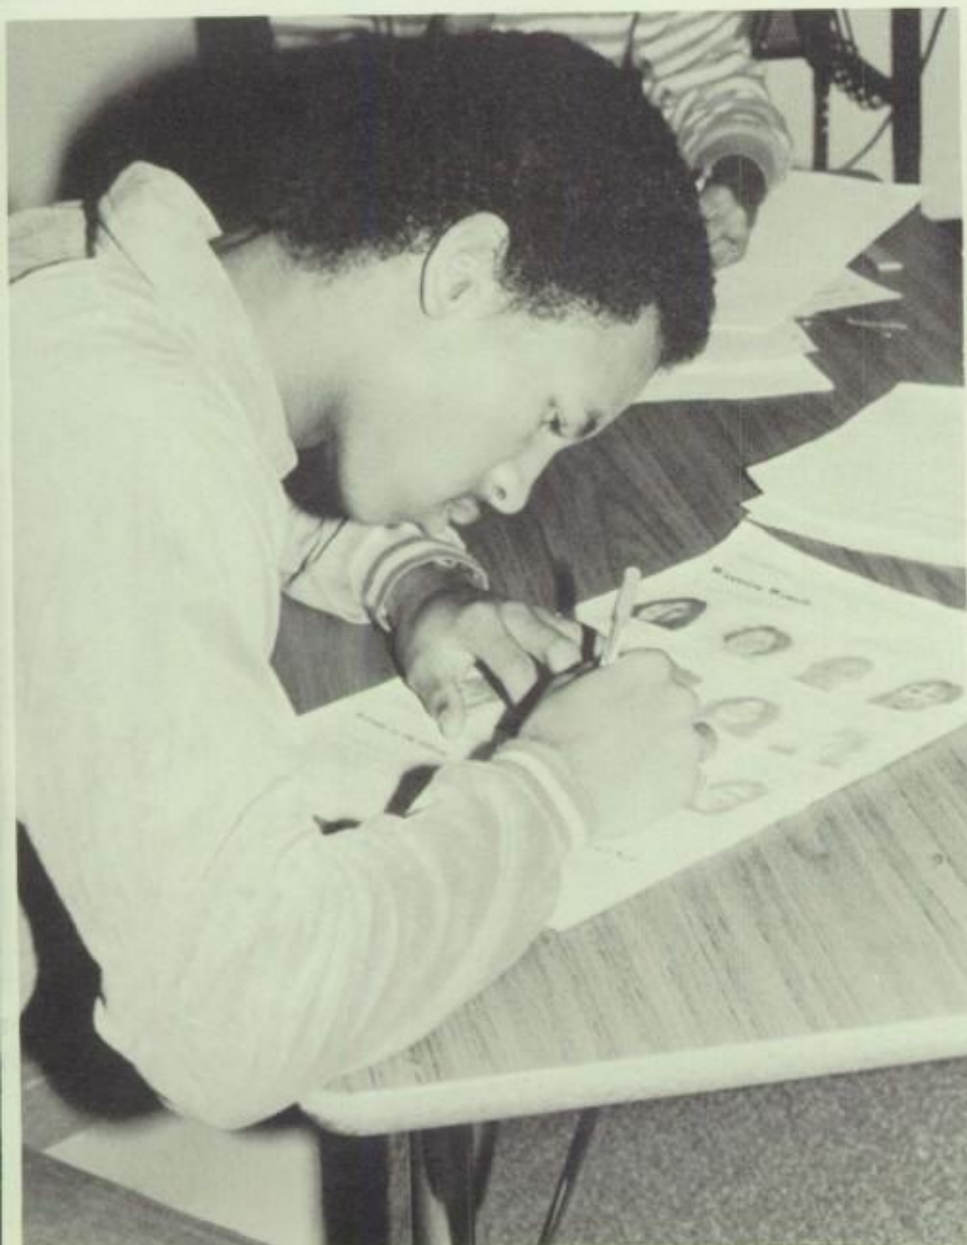

Before the first day of school arrived, the yearbook staff had begun the process to produce this issue of EVERGLADE. Under the direction of advisor, Jean Hanna, the staff completed the many jobs required to produce a yearbook: advertising sales, yearbook sales, photography, section design and page layout, and finally distribution of the books themselves.

Mindy McPeck smiles triumphantly as she meets a deadline.

The EVERGLADE staff learn about the different yearbook techniques from Tori Tekerman.

Peter Bennett puts the finishing touches on his work.

Dawn Picotte and Stephanie Mujat rush to meet their deadline.

The Chief Edition staff, sponsored by Ms. Linda Cogar, published eight papers keeping students informed and giving the staff journalism experience. The newspaper staff was an organized group of students who met monthly deadlines, sold ads, and researched their own stories.

GERMAN CLUB

The German Club was organized to inform and help students appreciate the cultural life of Germany. The twenty members met the first Wednesday of every month to discuss such year round activities as car washes, flower sales, and an authentic German Christmas dinner. The sponsor of this social-cultural club was Mrs. Baumgardner.

ROW 1: Mike Bruckler, Treasurer; Gail Guggisberg, President; Michelle Mullins, Vice-President; Ray Lowe, Secretary; John Rosevear. ROW 2: Sabrina Ivey, Lisa Seiler, Tina Demperio, Kim Schmitt. ROW 3: Becky Ivey, Krista Karkheck, Lori Anderson, Stuart Bankert, Eileen Martin. ROW 4: Derek Beck, Mark McEntire, Donn Brooks, Chip Fenech, Paul Wheeler, Chris Connors.

ROW 2: Mrs. Alfaro, Sponsor; Michelle Mullins, Lori Rachford, Dian Nelson, Aimee Crow, Cheri Gendron. ROW 3: Mark McDermott, Tracy Beard, Kristi McMillan, Tina Demperio, Berta Redding, Debbie Young, Lisa Hausey.

Mindy Huston, Dean Gonzalez, and Susan Rose

The Spanish Club promoted the interest in and appreciation for the language and culture of Spanish speaking countries and people. Every Thursday, Mrs. Chester-Munoz and Mrs. Alfaro, sponsors of the club, discussed such activities as participating in the International Fair in March and having various speakers come in to discuss different aspects of the Spanish speaking world.

FRENCH CLUB

The goal of the French Club was to enrich the knowledge of the French language. Although the club was a small one the sponsor, Mrs. Lamar, and the members visited a French restaurant and went to a foreign language fair.

Kathy Fish tries to interest Susan Rose and Mindy Huston in her Spanish delicacy.

NATIONAL HONOR SOCIETY

Nineteen students met the NHS qualifications of character, leadership, and high scholastic performance. Julia McMillian was

in charge of a tutoring service offered to other students in the school. Members participated in the district workshop. They served as guides at the Economic Fair at Walsingham Elementary and participated in a district car wash to raise money for All Children's Hospital in St. Petersburg. In March, NHS sold chocolate bunnies to raise money to send members to the state meeting in May.

ROW 1: Dawn Picotte, Treasurer; Amy Brown, Secretary; Julia McMillian, Vice-President; Russell Clark, President. ROW 2: Angela Walker, Historian; Cheryl Baker, Kim Otter, Kim Vormwald. STUDENT COUNCIL

*Dear Mrs. Worley,
Having you as a
teacher is a great
learning experience,
not only because
you have been a
great teacher, but
also because you
are a person who
can say in all truth
that you are the
best physics teacher
I ever had. I
thank you for everything
you have done for me.
Sincerely,
Michael Graff*

Installation of new members was held November 19th, in the Media Center. The Jazz Band directed by J. F. Thomas performed and Scott Rose, Superintendent of Pinellas County Schools, was the featured speaker.

The Student Council provided the students with a representative organization to increase spirit, communication and leadership. They planned Homecoming Week, sponsored the Mobile Blood Bank and promoted class competition. The class officers were selected by their fellow students to represent, plan, and organize the year's activities.

Dear Editor,

I don't agree with some of the suspension policies at this school. One day suspension for standing in the parking lot during lunch time seems really unfair to me. I also don't think that the should be suspending for getting caught drinking or at games held on campus. I am saying however that all the policies

The main purpose of the administration at Osceola was to work with the staff, students, and parents in putting together an education program that was superior to any other in the county. Meeting the needs of students was top priority. Assisting staff and faculty in achieving their goals was a major function of this administration. Other objectives included continuing to set traditions and helping students to establish their own goals. This was achieved by exploring and working with students to find what motivated them to attend classes and participate, with spirit, in co-curricular activities.

The language arts department's main purpose was, in a word, communication: how people express their ideas and interests to other people.

Methods of communication are limited only by the imagination.

Teachers led students in exploring verbal communication, both written and oral, including work by professionals and by the students themselves. The

language arts teachers established Pinellas County's first writing laboratory using word processors. This enabled students at all high school grade levels to use word processing to write and edit their composition work.

VARSITY FOOTBALL

The success of the 1982 Warrior varsity football team surprised many area football "experts." In only their second season, and first in District 3A-11, the Warriors were picked in pre-season polls to finish last. However, Osceola exploded to a quick start, and at mid season was in a first place tie for the conference championship. The euphoria subsided with several close defeats resulting in a fifth place finish with a 5-5 record.

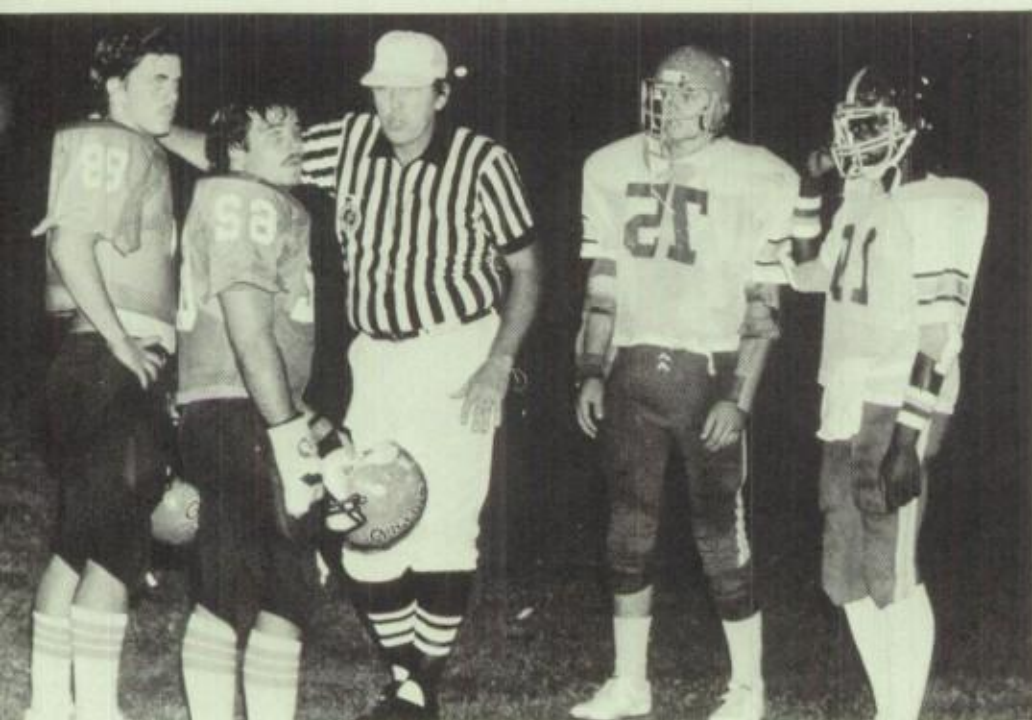

The season opener against Bradenton Southeast resulted in a heartbreaking 6-0 overtime loss. The Warriors penetrated Southeast's five-yard line four times but failed to score.

But Osceola bounced back for three straight victories, including a 21-6 defeat of East Bay, and a 14-7 win over Bradenton Bay-Shore. A dramatic 19-14 victory over archrival Gibbs, not only avenged a humiliating loss of the preceding year, but let everyone know the Warriors were for real.

The following weeks saw the Warriors fall victim to an emotional letdown as they lost to St. Petersburg, 22-17, and Boca Ciega, 17-7. After a team meeting of the coaches and players, the Warriors came back to flatten Palmetto 20-0. Venice, 5th ranked in the state, proved too much for the young Warriors as Venice rolled to a 23-6 win. Once again Osceola pulled themselves together after a loss and destroyed St. Petersburg Catholic, 41-6. The Warriors faced district champion Lakewood, 4th ranked in the state, in their finale. Our fired up troops battled Lakewood to the end, before succumbing, 8-0. "We accomplished a lot this year," said head varsity coach Ron Cline. "We established ourselves as an up-and-coming program to be reckoned with in the future. I would like to thank everyone connected with our program for the successful season. Next year Osceola will be bigger, stronger, faster, and more competitive for the district championship."

Junior Varsity

The purpose of a junior varsity team was to train young players for varsity football. The players must learn skills, team competition, and sportsmanship; at the same time they must also prove themselves individually. They must endure long hours of practice, and give up other activities while maintaining athletic eligibility; all in hopes of becoming a varsity player.

"Overall, junior varsity had a good year", said J.V. head coach Elbert Crumb. "We started fast and finished slow. I couldn't help but be disappointed with the way we finished the season. Injuries to key players made the end of the season horrible", said Crumb. Starting running backs K.K. Williams and Johnny Poole were hampered by nagging injuries while the starting quarterbacks were inconsistent.

They lost the opener to Countryside 14-8, and then rebounded to win three straight games against Boca Ciega, 3-0, Dunedin, 18-0, and St. Petersburg Catholic, 20-12. They then lost the remaining games to Largo, 20-0, Northeast, 22-0, Gibbs, 14-9, and Seminole 14-0.

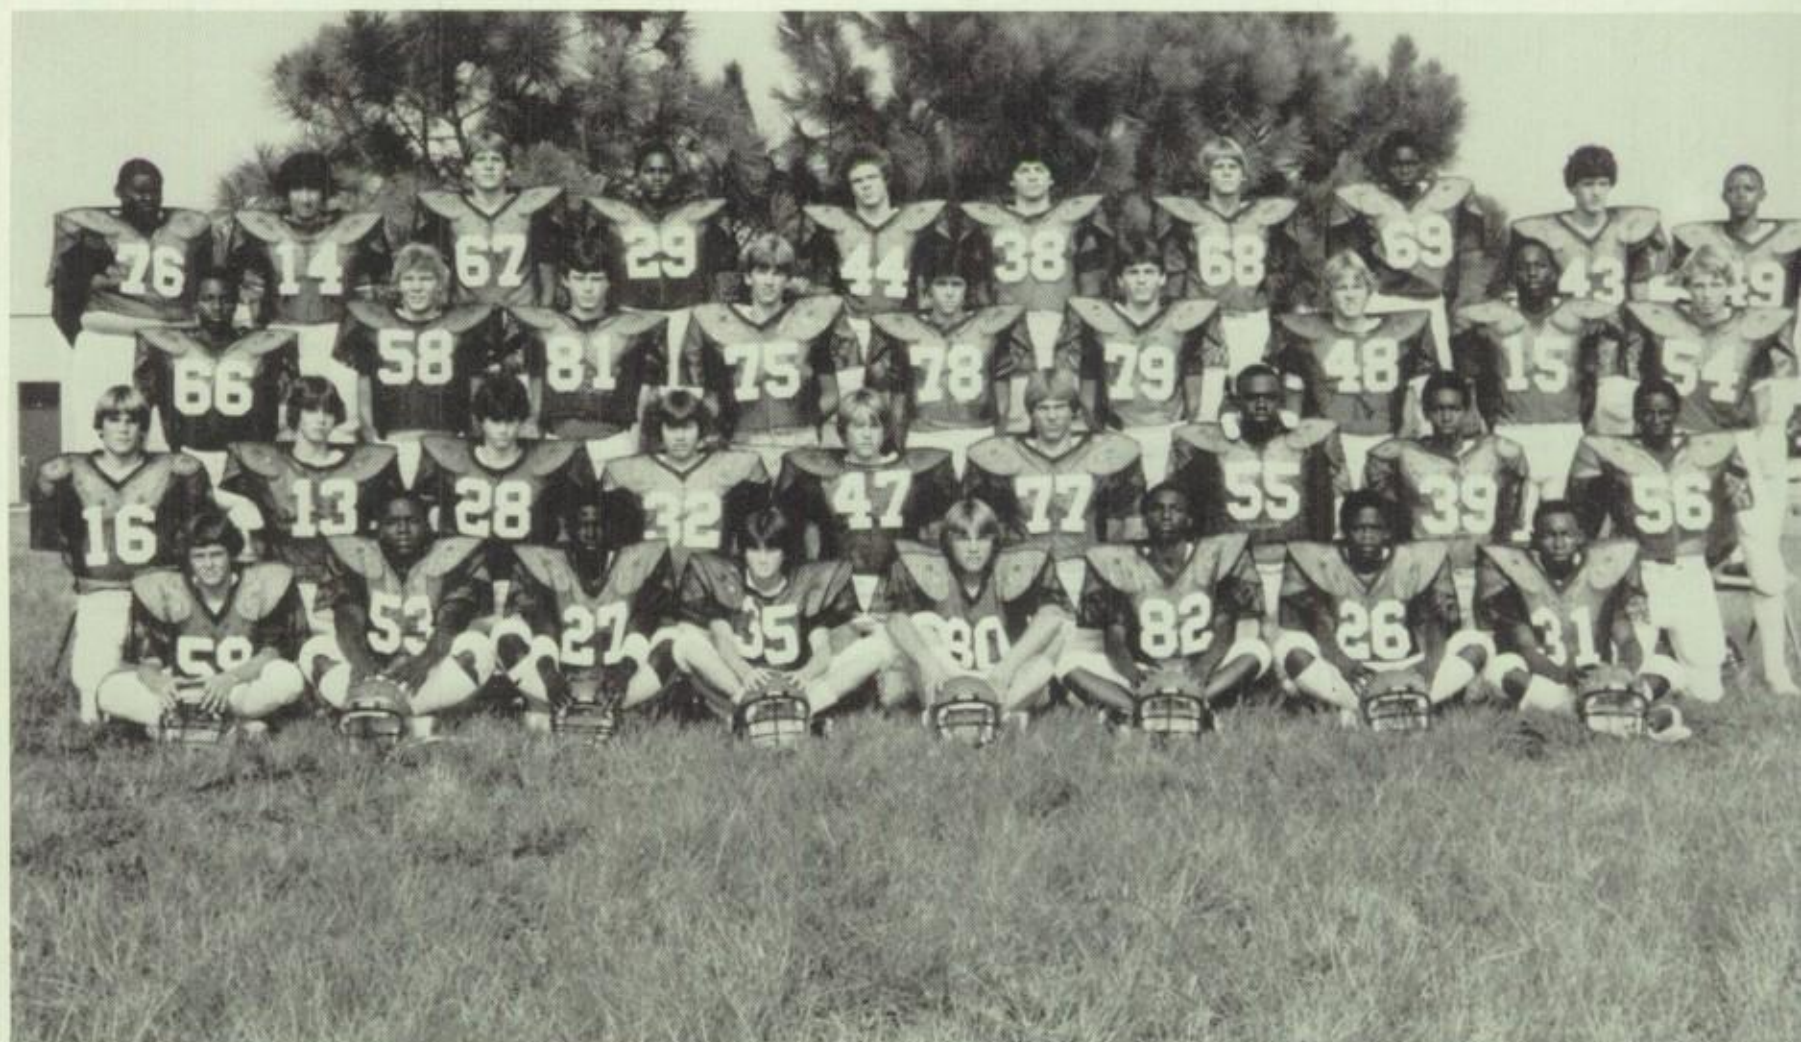

"But there were bright spots in the stormy ending. We found some players who will be an asset to our varsity team next year. K.K. Williams, Scott and Steve Quimby, Bruce Courchene, and Pat Fenech should all see varsity action next year," Crumb concluded.

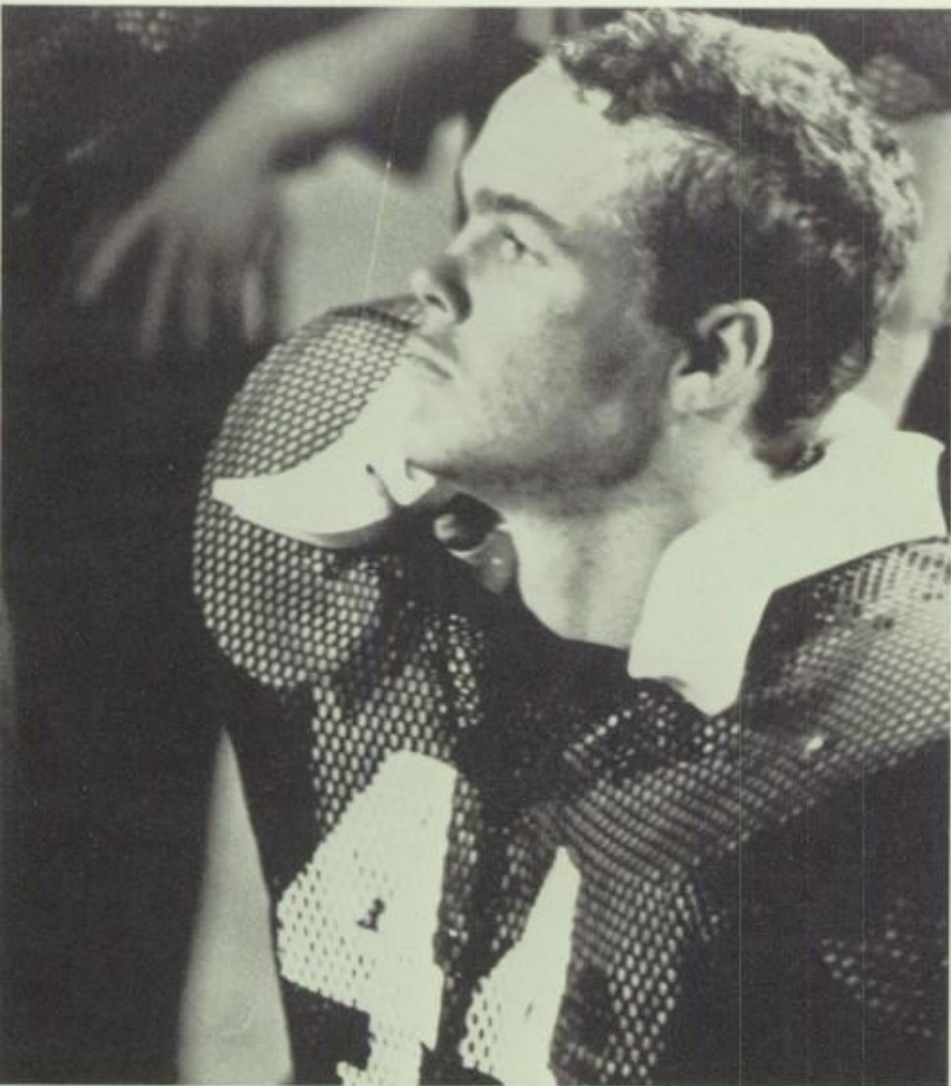

Coach Crumb plans the teams next play.

GOLF

"The 1982-83 season was another step in the building process," said Coach Gary Coon. In addition to the return of last year's top Osceola golfer, Dan Ogen, the team was aided by freshmen Ken Thomson and Jim Tauber. During the fall season, Ogen showed signs of good recovery after receiving a serious injury during the summer. Coach Coon said that his team should place well during district competition this spring.

JUNIOR VARSITY

The J.V. girls' basketball team began the season with twelve young ladies who had little basketball experience.

Throughout the season, they managed to capture five victories and play competitively in most games. As testimony to their improvement they were able, late in the season, to defeat a team that had defeated them by 15 points early in the season.

More important to a J.V. program than victories is the development of the players. Several players exhibited future varsity potential, while others showed they will be even stronger contributors to the J.V. team next year. Offensively, the team was led by Sheila Sanders and Pam Yerby. Defensively, Karen Mittelbrunn stood out and Stacey Peterson's ball handling proved important, as did Lisa Brown's rebounding.

Most important to any athletic program is its ability to encourage appropriate behavior and attitude. The players showed pride and determination. They worked hard throughout the season, not getting discouraged, even though they had several opportunities. This behavior represented the school well. They learned to believe in themselves, to sense that they were winners.

Intensity is the key note of the defense.

CROSS COUNTRY

It takes a special type of dedication and determination to run cross country. The individual must compete against teammates, opponents, the clock, and most of all himself.

The team was co-captained by Terry Wyman and David Rotenberger. John Morrison and Debbie Stamp were named the most improved runners while Terry Wyman was selected the most valuable senior runner.

TRACK and FIELD

The first win ever for the track team came March 8th in a tri-meet against Northeast and Gibbs. Coached by J. L. Wilburn and Sandy Inman, the boys' and girls' teams competed against both 3 and 4A schools in tri-meets and invitationals. In addition to these, several track men qualified for the Florida Relays and participated in the Fun and Sun meet. One hardship which faced the boys' team was practicing at Pinellas Park High School, since we did not have a track. The girls' team practiced in our student parking lot. Standouts with school records were Rey Garcia in the mile run — 4:27.5; Derrick Cooper in the 440 yd. dash — 50.5; Calvin Brown in the shot put — 45'4"; and Dana Bedden in the triple jump — 42'7.5". Steve Coley, a new comer to the team this year, was the Conference Champion in the 100 and 220 yd. dashes. Rod Patterson held school records in the high and intermediate hurdles and the long and high jump. Lisa Hadley, Latwanda Simmons, and Julia Williams were winners for the girls. Toni Smiley excelled at the shot put and in fields events.

BOYS' SOCCER

Coach Bob Goebel said he was pleased with the team's overall 8 — 9 — 1 finish as they accomplished their pre-season goal, defeating all of their equal opponents in 3A and some in the 4A Division. There was a great deal of progress as teamwork was emphasized and solid play was turned in by Jay Trudeau, Darren Watson, and Paul Snediker. Sophomore Jim Wickert and freshman Tom McClave added to the strength of the team. The team performed extremely well against some of the stronger 4A teams as they posted a 3 — 2 win over Dixie Hollins and a close 4 — 3 loss to Countryside. "Determination was a key factor in the Dixie game," Coach Goebel said. Another key factor in the victory was a two goal, one assist game from left-winger Phil Phaneuf, an ex-Rebel. At Countryside, the team desperately tried to come from behind as they scored two goals in the last ten minutes of the game, but time ran out as they were on the verge of the equalizing goal. With 11 seniors on the roster for the 1983-84 season and the loss of only one senior, Co-captain Bill Burch, Coach Goebel was optimistic about the up-coming season. He also hoped that more sophomores and freshmen would come out to help build future teams that have that "touch of class."

GIRLS' SOCCER

Coach Pat Sciarappa felt that her team had an overall disappointing season because of discipline, fitness, and player conflict problems. Even with these problems, Captain Debbie Boggess, Co-captain Tracy Troschinetz, Tina Demperio, Kim Panzarella, and Stephanie Mujat all turned in strong performances as the team finished with a 2 — 13 record, including the pre-season jamboree and district playoffs. Coach Sciarappa also felt the team would be stronger in the 1983-84 season with many returning veterans. Coach Sciarappa said, "The team's greatest loss was the graduation of Tina Demperio and Captain Debbie Boggess."

BASEBALL

New baseballs received their inauguration as bats scuffed the horsehide. The scent of saddle soap and leather was in the air as was the chatter of the players as they took to the diamond. "We have many new players on the squad this year," said Head Coach Mike Corrigan. "And we competed in the 3A District, so our work was cut out for us." Yet his Warriors were ready. "We had good defense up the middle, with a quick infield, and above average hitting." The team finished with a record of 13 wins and 13 losses. They won 9 out of their last 13 games. The district play-off was the highlight of the season as the Warriors upset the always tough Venice team in the opening round of play. Senior leadership from Bob Cuff and Matt Farling, along with the hitting strengths of juniors Mitch Farling and Curtis Hammond, and Tony Grantham's pitching record of 7-3 helped the team gain respect among other PCC teams.

SOFTBALL

With only five returning players it was not surprising that the team finished with a 4-15 regular season record. To their credit eight of the losses were by a single run, in a schedule dominated by 4A competition losing to Pinellas Park, 5-4; Dunedin, 6-5; Northeast, 4-3; and losing to Seminole 9-7 in extra innings. Before the season Coach Briner said that "Her two goals were to establish a tradition and a sense of pride in the Osceola softball program and to have her players gain actual game experience." Her skillfulness in fulfilling these objectives became evident when the Warriors stormed to the District 11-3A finals. In the exciting championship game against East Bay, the Warriors built a 5 to 3 lead, but finally succumbed 6 to 5. In spite of the immediate disappointment, Coach Briner said that this team had accomplished much more than she had hoped and they were looking forward to next season. She praised the outstanding individual contributions of Dawn Morris, Tracy Troschinetz, Kerri Jeffers, Patty Simons, and Kelli Ingold.

WRESTLING

The wrestling team fought long and hard as they participated for the first time in a full conference schedule competing against all Pinellas County schools. Varsity coach Joe Fiore believed that the tough schedule gave the team experience that will lead to a promising season next year.

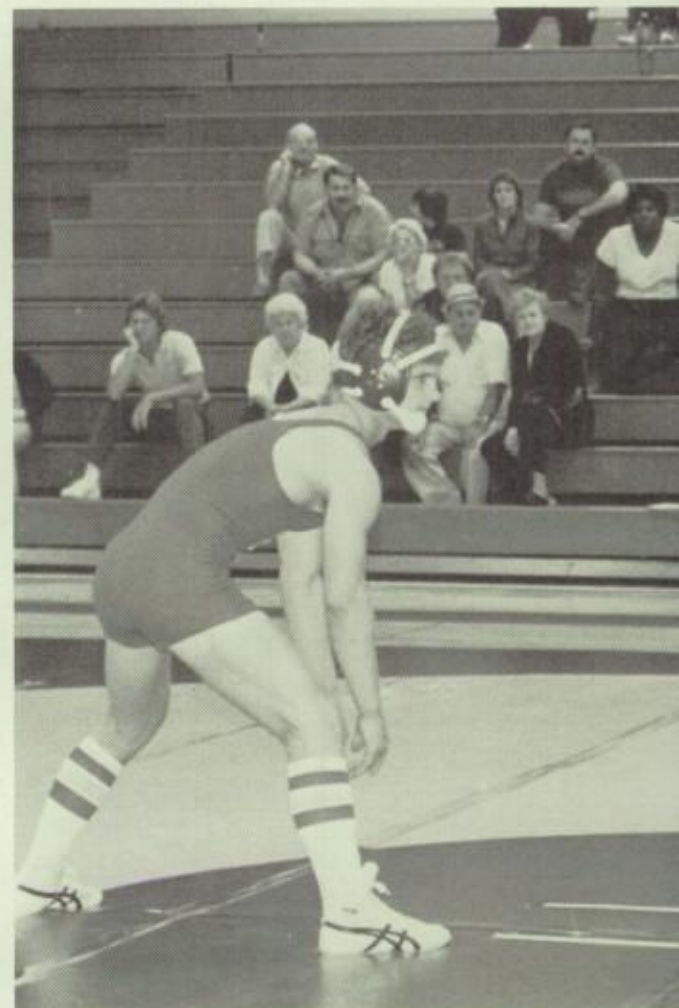

"A combination of new wrestlers and a few veterans worked together to create a feeling of family," said Coach Fiore. Jeff Decaire, one of the veterans added, "I feel that we have come a long way since last season. We've got experience now. Add that to team effort and next year should see us at the top."

The JV finished the season 6-4-2 which pleased Coach Higney.

The team competed in District 3A competition where Mike Swam, Larry Burroughs, and Calvin Brown emerged as winners. They then traveled to Sebring to compete in regionals. Calvin Brown became our first regional winner by winning the unlimited division. He next went to state where he took second place in his division.

TENNIS

Dedication described the tennis team. Only ten of fourteen members actually played in tournaments; the other four worked diligently to improve their skills so they could attain a position on next year's team. Coach Sciarappa described this year as a growth year.

In its second season, the team improved tremendously. Several players won their first and second rounds of district competition. Christophe Van de Weghe was the only player to advance to the finals. Coach Sciarappa expects a strong season next year led by Van de Weghe and McDermott.

FASHION

Osceola students were on the go in comfort and style. Many different looks could be found in the halls of Osceola. The predominate look for both girls and guys was punk or "new wave". Prairie skirts and ruffled shirts were popular with many girls. Also, some students donned the warm sweaters and the ever popular designer jeans. The most popular shoes for the year were ballerina slippers for girls and vans for guys. No matter what the students wore, they all seemed to feel comfortable with their attire.

OSCEOLA

DEDICATED TO EXCELLENCE

Osceola High School was formally dedicated on November 19, 1982. A barbecue dinner was served before the ceremony; entertainment was provided by the jazz band and chorus. Door prizes were awarded after the dinner.

During the ceremony, highlighted by the Marching Warriors and chorus, guest speakers praised the school for its great progress.

Three gifts were presented during the dedication; a podium for the auditorium, built by Randy Webster with money donated by the 1982 Senior Class and a painting of Osceola, donated by Home Federal Bank on Seminole Boulevard. The shovel used in the ground-breaking was given to School Superintendent Scott Rose by Mr. Kalach.

Don Gosselin has led a very active life. He played football, lifted weights, and also ran track. Don sang and was quite involved with drama. When Don was asked why he was involved with drama he said it was "a computer error, but then he found it very interesting". After graduation he plans to go to college to study business and finance. He would like to play college football, stay involved with the performing arts, and also become involved with politics.

Mindy Huston started dancing at two when her mom enrolled her in tap and ballet classes. Since then, there has been no stopping her. She has continued with tap and ballet and added acrobatics, baton and jazz dance. By the time she was thirteen she was spending four days a week taking lessons. However, because of her heavy class schedule, job and Color Guard, the senior had to limit her dancing to jazz one night a week. Upon graduating Mindy plans to obtain a Liberal Arts degree at the University of Florida.

Kathy Klein and Venniel Hudson

Two of our outstanding artists are Kathy Klein and Venniel Hudson. Kathy's art teacher got her interested in drawing in fifth grade and Venniel decided to start drawing four years ago. Both artists liked all of media drawing. Kathy especially liked both the surrealist and the realistic styles. Venniel specialized in portraits. They both have decided to keep art in their future plans. Kathy is hoping to attend Tomlinson's School of Arts at Mirror Lake, and Venniel will continue his drawing in college.

Bill Burch

Bill Burch, a senior, has been involved in soccer and media productions for two years. As a result of his work as a library assistant, Mrs. Aborn asked him to become involved in media productions. He enjoys media productions because there is "so much you can do with it" and it has a large job market. After graduation Bill plans to attend SPVTI to study media productions, and then hopes to get a job at a television station.

Most people recognized freshman Scott Hofstetter by his involvement with Color Guard. His talents, however did not end there. Scott had a great love for horses. At ten he received his first pony and now rides his pony, Mostly Ghostly or Something Special, owned by Ann Louise Powers. His mother greatly encouraged his riding and served as a second trainer. He plans to go to college to become a vet and he also plans to continue riding horses.

Jodi Shank, a staff writer for the CHIEF EDITION, has been writing since the third grade. She enjoys writing stories for the newspaper in order to keep others informed about what is going on. She was also a member of the bowling team. Jodi plans to continue writing for the newspaper through her senior year and attend college as a journalism major.

Ron Butler

Junior Ron Butler, the captain of the OHS swim team, has been swimming for two seasons. During the season he practiced at Seminole High School four days a week, mostly free style, his favorite stroke. He broke both the one and two hundred free style records that existed at OHS. His future plans are to attend college and continue his swimming there.

Charlie Mack

Sophomore Charlie Mack is very active in sports. Because of his father's encouragement he started playing football five years ago. Charlie also played basketball for two years, mostly to stay in shape for spring football. In his junior year he would like to expand his athletic participation to baseball. After high school Charlie plans to attend college to study medicine and also to play football.

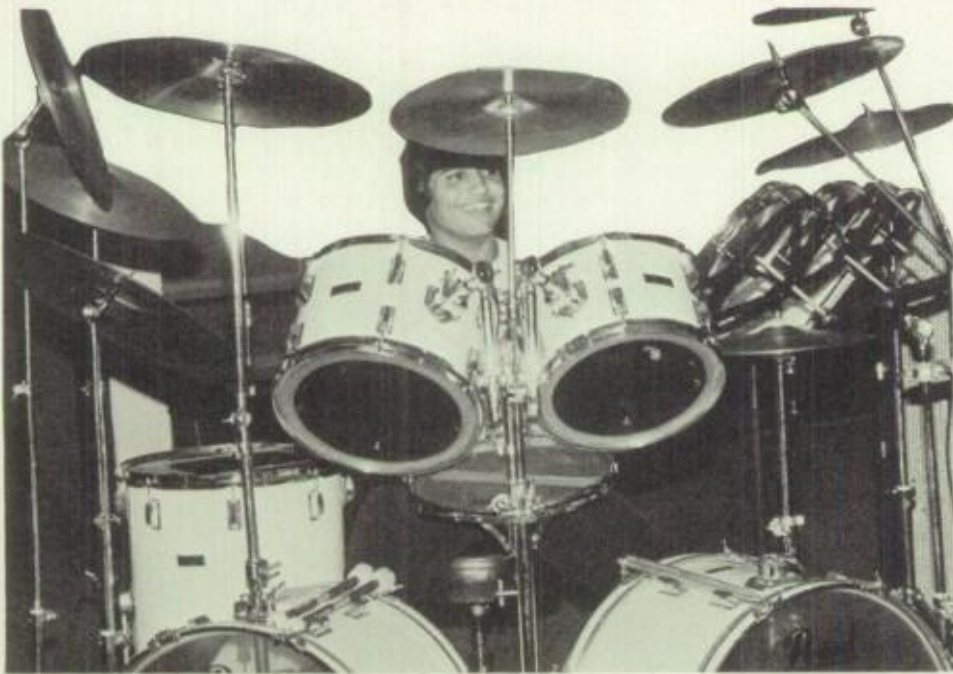

Senior Latwanda Simmons ran for seven years. Her main events were the 100 and 440 yard sprints. Her interest in track led her to a job as a sports writer for the CHIEF EDITION. After graduation Latwanda plans to continue these interests by, majoring in journalism and running track.

Latwanda Simmons

Senior Kim Lacina and freshman Kathy Lacina are both involved with horses. Kim, who has been riding since she was six, was mainly involved with rodeo riding. Kim desires something new, so she plans to study cosmetology and continue riding as a hobby. Kathy, however, who has been riding since she was five, is involved in barrel racing. Her sister's involvement with horses encouraged her participation in riding. Kathy plans to make riding her profession and eventually become a veterinarian. Kim and Kathy Lacina

Warrior Profiles

John Spinelli

Three years ago senior John Spinelli decided that he "thought it would be neat to play the drums". Although he took lessons for three months, he learned more from just listening to music and then playing it. John was in the marching, symphonic, and jazz bands for two years where he played the tri-toms, snares, mallets and the trap set. Outside of school John was a member of the original band BROKEN IMAGE that played covers and original material. After graduation he would like to be a percussion instructor and also play professionally, doing some concert and studio work. 208/WARRIOR PROFILES

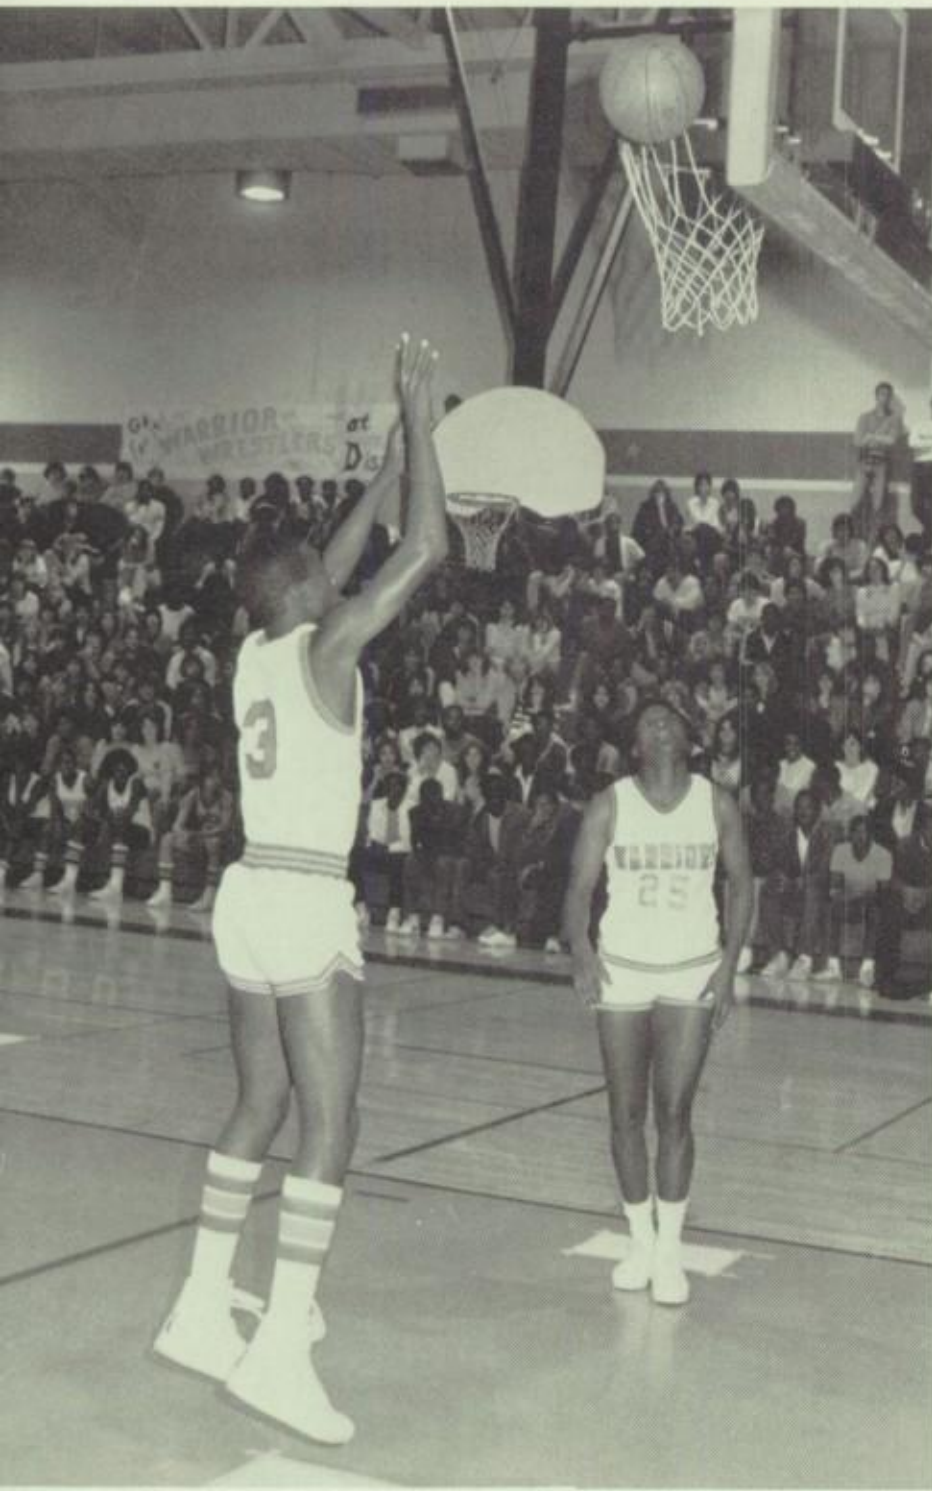

Kathy Allison

Kathy Allison, a very versatile and talented person, got her start at age nine when she began baton twirling as a summer activity. She was a member of the Color Guard where she twirled a rifle and played clarinet in the symphonic band. In the past five years she has entered several contests such as FIA Solo and Ensemble where she received a superior rating. She also won the title of MISS MAJORETTE of Florida in her division last year.

WINTER SPORTS ASSEMBLY

Our first winter assembly and pep rally was held February 10, to introduce the boys' and girls' soccer and basketball teams. The junior varsity and varsity wrestlers were also acknowledged. As part of the class competition a Hot Shot Contest was held with a boy and a girl from the basketball teams representing each class. The sophomore team of Beverly Woodie and Dean Gonzalez were awarded the prize winning T-shirts, however, the real winners were juniors Keith Gamble and Toni Smiley.

Most people believe cheerleaders are chosen for their looks and popularity. Few people realize that cheerleading requires athletic ability and teamwork. Squad members must also maintain their athletic eligibility. Cheerleaders also spend many hours practicing after school and on weekends.

"The girls really did well this year," said JV sponsor, Beth Mauger. "Their performance was energetic and precise."

The girls worked arduously in raising money for sweaters with candy and magazine sales. The combination of work, enthusiasm, and fun led to a good year for the junior varsity squad. This squad consisted of captain Kellie Pioch, co-captain Becky Lake, Angie Arbuckle, Katy Williams, Lori Anderson, Denise Linko, Jennifer Berning, Niesy Richardson, Tonya Mims, Maricor Piloneo, and Sandy Bishop.

Salute To School Resource Officer

Deputy Terry Thomas of the Pinellas County Sheriff's Department was a great part of our staff. His title was School Resource Officer. His presence was part of a pilot program whose purpose was to create a closer relationship between students and law enforcement. He was selected by a committee of students, administrators, and parents. The program gave both students and staff the opportunity to interact with the "law" informally. Deputy Thomas lectured and spoke to classes and clubs on topics related to today's teenagers. But most of all, he was our friend. We wish him well in his new position with the Sheriff's Department in the Detective Division. Deputy Bryan Gavin has been well received as Deputy Thomas' successor.

IN THE NEWS

Seven people died in the Chicago area in October after taking capsules of extra-strength Tylenol laced with cyanide. Copycat product tamperings surged nationwide which caused the FDA to impose tighter regulations on packing of products.

The National Football League suffered from lack of players this season, when all pro-football players went on an eight-week strike. After the strike was settled, NFL players returned to complete an eight-game season that ended with the Washington Redskins winning the Super Bowl over the Miami Dolphins.

Leonid Brezhnev, Communist party leader for 18 years, died in November and was succeeded by a former leader of the KGB, Yuri Andropov.

"Attention, Attention. The Korean War has ended." After 11 successful years of prime-time television, M*A*S*H, the most popular TV show, came to a close on Monday, February 28th, when it aired its final episode.

In January 1981 the unemployment rate stood at 7.4%. In July of 1982 it rose to 9.8% and then in October of '82 it succeeded in reaching 10.1% — its first double-digit high since 1941.

IMPRESSIONS

Once upon an inservice day, not too long ago, a certain principal named Robert Kalach, being the kind, generous, hard-working person that he is, contributed his beautiful, young seedlings to the worthy cause of beautifying the grounds of Osceola High. He and his faithful red-headed companions, Molly and Ted Yeager, spent the day digging and planting with great care and diligence. The campus of Osceola High was forever more beautiful and the seedlings, growing strong and healthy, lived happily ever after. The End.

Amy Packard

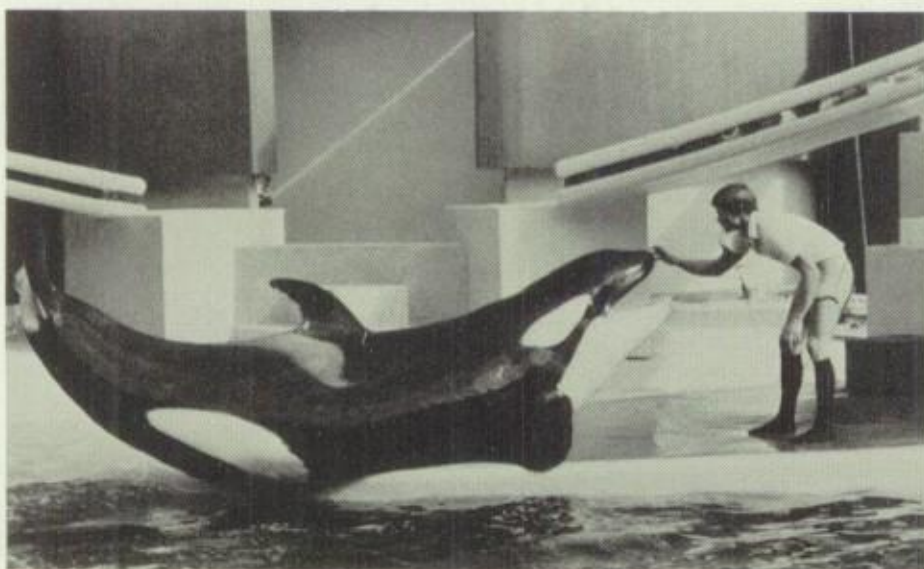

On December 10, 1982, juniors and seniors who met the qualifications for Pride and Spirit Day left the school at 8:00 for a fun-filled, educational day at Sea World. The students had the opportunity to witness and take part in behind-the-scenes activities such as feeding manatees, watching educational films and taking tours. Sea World provided special Shamu and seal and otter shows especially for the students. Along with the traditional activities they also experienced new attractions such as the Shark Encounter and the Arcade. The excellent cooperation of all involved provided a very pleasant day.

WINNING WARRIORS

The pride we have in ourselves and our school was made evident by the outstanding achievements of a number of our students. These achievements were accomplished through both individual and group efforts. Several of these were: Pam May, whose scientific efforts on chemical food substitutes earned an honorable mention at the county science fair; Calvin Brown, who placed first runner up at the state 3A wrestling tournament; the rifle squad who was named the outstanding rifle squad at the Great Southern Contest of Champions; FBLA who won numerous awards at the District FBLA Conference, and Deca who took the Chapter of the Year Award away from three-time winner Countryside, as the result of twelve students who won top honors.

A Professional Lifting System
From National — America's Leading
Maker of Truck-Mounted Cranes

The National Lifting System

National truck-mounted telescoping and articulating cranes are the versatile, cost-efficient way to handle your demanding lifting jobs. They are built to give you more of what you buy a crane for — reach, lifting capacity, and operational reliability.

Nationals are perfect for jobs too small for big cranes and too tough for anything else. Most models mount on single-rear-axle trucks. They set up fast with hydraulic outriggers and operate easily with smooth, dual controls.

National's box-section boom construction means extra-strength while providing more capacity through lower boom weight.

Each crane is a lifting system that can be job-matched to your requirements with a selection of hard-working accessories.

See us today. We'll show you how a National can save you time, manpower, and money.

Mrs. Worley,

You were my favorite teacher. I may not have stayed in class all the time or done as well in class as I should have, but that wasn't your fault. You are a great teacher. The students who get you are the lucky ones. One of these days I may end up understanding Chemistry. Good Luck Mrs. Worley.

Love Your Friend

Joe Fulgham
Lester Ross & Staff.

Mrs. Worley,

Whether you know it or not, you are one of my favorite teachers. Not many people show the patience and the time you are willing to share with a student and I am grateful for that. I will always remember you,

Love,

Rod Stevens

Mrs. Worley,
 I'm really glad to have had
 you as a teacher this year. You're
 especially sweet and understanding.
 Thank you for everything you've done
 for me and taught. (Especially for
 the delay in handing me (see-see)
 good luck in everything you do.
 I'll come back and say 'bye'!
 Love you always!
 Love, 'Nancy
 Price

Mrs. Worley,

I've really enjoyed
 having you for a Chem.
 teacher. You made it an
 enjoyable, no, fun class.

I apologize for the 4 beakers
 and thermometer I broke, and
 the spilled water (Chris's
 shoes did dry out).

I'll think of you
 often (everytime I break
 something!). Much love
 from,

Your favorite klutzie,
 Nancy Price

Mrs. Worley,
 I'm so glad
 I had the
 opportunity
 to be in
 your Chem
 I class.
 You're a
 very nice
 person & I'm
 sorry if
 I hassled
 you too
 much with
 my endless
 questioning.
 I want to
 thank you
 for making
 it a pleasant
 experience.
 I wish you
 the best
 of luck in
 your future
 years at
 OTS &
 always.
 Take care &
 live a happy
 healthy

 Per C - Chem I

Mrs. Worley,
It's been really fun
being in your Chemistry
class this year. Thanks
for explaining how to
do things the "American
way" even though I was
determined to remember
last year's Chemistry!
Good Luck in the future
and I'll probably drop out
in and say "hi" next year.
(oh hi

Love ya'
